*Surveillance Education* Nolan Higdón, Allison Butler, 2024-08-02 Surveillance Education explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological

programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education **We Can Teach That**

Ewa Dziedzic-Elliott,2024-11-28 Information literacy is a complex subject that finally arrived at the doorstep of school libraries For decades academic researchers have been trying to capture the essence of information literacy its educational cognitive and civic value The collection of book chapters offered in We Can Teach That is a handbook that can be used as an inspiration for teaching various types of literacy visual digital multicultural health and more The book asks important questions When do we start teaching information literacy How do we teach it How does it affect our students at their education level How does it prepare them for their post high school adult life Does it impact their transition to college or career Dziedzic Elliott and her collaborators provide a range of best practices and concepts that inspire thinking about teaching information literacy at all levels Although written with school librarians in mind the book can be easily adapted by teachers school administrators and even public librarians who are looking to incorporate information literacy elements in their daily practices The book challenges the reader to rethink what they know about digital or tech literacy breaks some stereotypical concepts about multicultural literacy and highlights the importance of literacies even in adulthood The
