Sutherland,2025-02-17 In an era where AI is revolutionising every aspect of communication this groundbreaking research monograph provides an essential roadmap for navigating the intersection of artificial intelligence and strategic communication Drawing on extensive primary research including interviews with 41 experts and surveys of 400 professionals across three continents and eight countries this book provides insights from relevant scholars communication practitioners and AI tool developers This comprehensive guide combines scholarly rigour with practical application presenting a data informed Model for Practice that helps to withstand the constant evolution of AI technology Each chapter delivers research

informed actionable tools relating to the multifaceted field of strategic communication including ethical practice strategy development content creation evaluation and continuous improvement Bridging the gap between theoretical understanding and practical implementation AI for Strategic Communication is an invaluable resource for strategic communication scholars students and practitioners essential for advancing careers in the age of AI This work emerged from the need for a comprehensive source combining scholarly practitioner and AI developer perspectives on strategic communication from around the globe

Generative AI and Education B. Mairéad Pratschke, 2024-08-27 This volume addresses the gap in knowledge around generative AI and its applications in education It draws on the recent history of technological innovation and digital pedagogies locating generative AI in the contemporary discourse around education futures It argues that a new hybrid model of education is emerging requiring educational institutions to embed generative AI into course and programme design delivery and assessment It also proposes a shift from a focus on learning as output to learning as a process and explores what that shift might look like Grounded in educational theory it offers actionable pedagogy informed guidance on how to position AI as a collaborator in the construction of learning in a manner that is congruent with the values and aims of education It offers advice based on evidence based digital pedagogy including frameworks for effective teaching and learning with generative AI that enable educators and designers to put these ideas into practice The book also explores the wider context informing this shift connecting narratives from governments and industry leaders on the strategic importance of generative AI and lifelong learning learning agility and future skills that make the case for the integration of competency based assessment into mainstream education Finally going beyond pedagogy and practice it considers some of the broader issues including limitations and ethics and the implications of integrating generative AI into institutional planning and design and includes a sample roadmap for education leaders to start the process of integrating generative AI into their institutions This work approaches the topic of generative AI from the vantage point of educators by addressing themes and concerns that will resonate with professionals in the sector

Social Media Regina Luttrell, 2025-08-21 Reflecting the latest technological innovations and challenges of the social media landscape the fifth edition of Social Media How to Engage Share and Connect helps students build success in integrated PR practice Regina Luttrell presents a thorough history of social media and pioneers of the field within chapters on specific subjects such as content sharing crisis communication ethics sticky social media and strategic campaigns This book will become your go to reference guide for all things social media related as it applies to public relations and the everyday duties of PR professionals New features of the fifth edition include Chapter 4 Generative AI covers the technology's uses and implications for strategic communication Chapter 7 Storytelling in Social Media emphasizes the art of crafting narratives that resonate with audiences Sticky Social Media boxes apply chapter concepts to real brand cases ROSTIR Research Objectives Strategy Tactics Implementation Reporting Campaigns in Action boxes feature case studies of strategic integrated PR social media and digital campaigns Storytelling Communicate Captivate

Connect boxes provide insight into how storytelling enhances communication strategies Online resources bloomsbury pub
luttrellsocialmedia5e include lecture slides and other teaching materials for instructors and students

Law's Documents Katherine Biber, Trish Luker, Priya Vaughan, 2021-12-29 Illuminating their breadth and diversity this book presents a comprehensive and multidisciplinary view of legal documents and their manifold forms uses materialities and meanings In 1951 Suzanne Briet a librarian at the Bibliotheque Nationale in Paris famously said that an antelope in a zoo could be a document thereby radically changing the way documents were analysed and understood In the fifty years since this pronouncement the digital age has introduced a potentially limitless range of digital and technological forms for the capture and storage of information In their multiplicity and their ubiquity documents pervade our everyday life However the material intellectual aesthetic and political dimensions and effects of documents remain difficult to pin down Taking a multidisciplinary and international approach this collection tackles the question what is a legal document in order to explore the material aesthetic and intellectual attributes of legal documentation the political and colonial orders reflected and embedded in documents and the legal archival and social systems which order and utilise information As well as scholars in law documentary theory history Indigenous studies art history and design theory and practice this book will also appeal to those working in libraries archives galleries and museums for whom the ongoing challenges of documentation in the digital age are urgent and timely questions

Artificial Intelligence Is Here to Stay, You Better Learn It Now! Patience Fuzane, Artificial Intelligence AI is no longer just a futuristic concept it is here and it is transforming the way we live work and interact If you are not actively harnessing the power of AI you risk being left behind in an increasingly competitive and fast paced world Just like the calculator revolutionized the way we perform basic arithmetic AI is now stepping in to revolutionize a wide array of fields academic business and social When the calculator was first introduced many feared it would take away jobs and diminish mental faculties But over time we have come to view it as an indispensable tool one that saves us time and allows us to focus on more complex tasks In much the same way AI is poised to become an essential part of our daily lives yet its potential goes far beyond what a calculator ever offered From automating mundane tasks to solving complex problems AI has the power to revolutionize virtually every aspect of our existence As we move forward it is crucial to embrace these technological advancements and learn how to effectively incorporate them into our routines This book is a comprehensive guide to understanding and utilizing some of the most widely used AI tools available today Across the following chapters I will take you on a deep dive into AI solutions across various categories including generative AI productivity tools coding assistants design tools data analysis and more Whether you re a student a business owner or simply someone curious about how AI can improve your life this book is designed to help you navigate and leverage these powerful technologies to meet your academic professional and social needs

Strategic Social Media Management Karen E. Sutherland, 2024-08-29 This textbook provides a lively introduction to the fast paced and multi faceted discipline of social media management with

international perspectives AI approaches and tools to enhance the learning experience Aside from focusing on practical application the textbook takes readers through the process of strategy development and implementation ethical and accurate content curation and strategic content creation Combining theory and practice Strategic Social Media Management teaches readers how to take a strategic approach to social media from organisational and business perspectives and how to measure results Richly supported by robust and engaging pedagogy and case studies it integrates public relations marketing and advertising perspectives and examines key issues including risk ethics privacy consent copyright and crisis management Reflecting the demands of contemporary practice advice on self care is also provided helping to protect emerging Social Media Managers from the negativity they can experience online By the end readers will be able to develop a social media strategy understand accurate and relevant content curation and create engaging social media content that tells compelling stories connects with target audiences and supports strategic goals and objectives This is an ideal textbook for students learning social media strategy marketing and management at undergraduate level It is also essential reading for business owners marketing public relations advertising and communications professionals looking to hone their social media skills The first edition of this textbook won a Book Excellence Award a Silver International Stevie Award for Best Business Book and was named in the Best 100 Public Relations eBooks of All Time by the Book Authority

The Venture Alchemists Rob Lalka, 2024-05-14 Gold Medalist 2025 Axiom Business Book Awards Business Ethics Future Trends category Shortlist 2024 Best in Business Book Awards Society for Advancing Business Editing and Writing We once idolized tech entrepreneurs for creating innovations that seemed like modern miracles Yet our faith has been shattered We now blame them for spreading lies breaking laws and causing chaos Yesterday's Silicon Valley darlings have become today's Big Tech villains Which is it Are they superheroes or scoundrels Or is it more complicated some blend of both In *The Venture Alchemists* Rob Lalka demystifies how tech entrepreneurs built empires that made trillions Meta started as a cruel Halloween prank Alphabet began as a master's thesis that warned against corporate deception and Palantir came from a campus controversy over hateful speech These largely forgotten origin stories show how ordinary fears and youthful ambitions shaped their ventures making each tech tale relatable both wonderfully and tragically human Readers learn about the adversities tech entrepreneurs overcame the troubling tradeoffs they made and the tremendous power they now wield Using leaked documents and previously unpublished archival material Lalka takes readers inside Big Tech's worst exploitations and abuses alongside many good intentions and moral compromises But this story remains unfinished and *The Venture Alchemists* ultimately offers hope from the people who decades ago warned about the risks of the emerging Internet Their insights illuminate a path toward more responsible innovations so that technologies aren't dangerous weapons but valuable tools that ensure progress improve society and enhance our daily lives
