managing one's own time, texting, social media, organizational structure and of course clothing preferences. If we don't learn to work together and stick together around these 12 sticking points, then we'll be wasting a lot of time fighting each other instead of enjoying a friendly and productive team. *Sticking Points* is a must-read book that will help you understand the generational differences you encounter while teaching how we can learn to speak one another's language and get better results together. *Generational IQ: Why is my daughter drifting from God? Why can't I explain my life choices to my parents? When will my son get a real job?* Within the last several decades, the world has shifted dramatically. The cracks of this fundamental shift appear everywhere in our economy, in our cultural debates, in our political landscape and most important in our churches. The problem is we tend to overreact to these changes, fearing that Christianity is dying. We need better *Generational IQ* so we can respond to the changes but not be terrified by them. We need a wise generational coach. Haydn Shaw is that generational expert showing us the roots of this generational shift and how it affects every one of us. Each generation, whether it's the aging Boomers or the young Millennials, approaches God with a different set of questions and needs based on the times in which they grew up. Haydn walks you through these generational differences and paints a vision of hope for the future. *Organizational Citizenship Behaviour (OCB) in India* Sairaj M. Patki, Shobhana C.
