Man Up Cynthia Miller-Idriss,2025-09-16 The revelatory and urgent story of how an explosion of misogyny is driving a surge of mass and far right violence throughout the West from an internationally recognized extremism expert and media commentator What two things do most mass shooters terrorists or violent extremists have in common Most of us know the first they are almost always men or boys But the second They are almost always virulent misogynists homophobes or transphobes even if they are also motivated by racism antisemitism or xenophobia The antigovernment militiamen charged with plotting to kidnap and execute Michigan governor Gretchen Whitmer used language saturated with misogyny with one telling an FBI informant Just grab the bitch The men who killed scores at Virginia Tech the Pulse nightclub and a Maryland newsroom all had prior reports of stalking domestic violence or harassment of women And in dozens of other incidents from North America to Norway to New Zealand an increasing number

of misogynist incel involuntary celibate and male supremacist attackers have explicitly targeted and killed women blaming feminism or sexual frustration with women as motivation for their attacks Yet despite all evidence the bright red thread of misogyny running through these attacks is barely acknowledged by the media or even experts and this failing leaves us powerless to stop the violence In *Man Up* Cynthia Miller Idriss a leading expert on extremism addresses this crucial oversight head on revealing how an epidemic of misogyny both online and off and a patriarchal backlash are driving an exponential rise in mass and far right violence She also offers essential strategies that all of us including parents teachers and counselors can use to fight the rising tide of violence beginning with recognizing the misogyny that pervades our everyday lives [Young Men's Online Lives](#) Amanda Keddie, Michael Flood, 2025-09-26 This Palgrave Pivot offers insight into the factors that influence motivate and inform young men's online experiences In Australia and globally recent media and public discourse has expressed strong concerns about the gender based harms arising from young men's online behaviours these concerns have prompted renewed scrutiny on boys and masculinity and produced a sense of urgency around addressing these online harms They have provided a strong warrant for research that seeks to better understand how young men are navigating their online worlds This book presents findings from a qualitative study of 117 young men in Australia In foregrounding a diversity of young men's voices the book responds to calls for more nuance and care in how we debate the gendered impact of social media on young men's lives As such we highlight the tensions and complexities in how young men navigate negative and positive online experiences including their critical engagement with harmful content Against this backdrop the book presents a case for fostering young men's critical digital dispositions towards more gender just engagements online It provides a conceptual framework and series of activities for fostering these dispositions The book will be of interest to students and researchers in critical masculinity studies sociology psychology public health and media and internet studies as well as practitioners who work with young men
