The Lawyer Marketing Book Matt Starosciak, 2017-08-01. The Lawyer Marketing Book (TLMB) is a great read for both experienced attorneys as well as those entering the practice of law. In fact, some say it's a must-read for any lawyer competing for clients in today's legal market. There are four things that make TLMB unique. First, it's interesting and engaging. TLMB uses real-life stories of other private practitioners to highlight the best and worst marketing decisions and strategies. Second, it's comprehensive. At 300 pages, it covers everything from specific strategies for making the phone ring to training intake personnel and negotiating with vendors to measuring ROI. Third, it's written by a true pro in the industry. Matt Starosciak has nearly two decades of experience on all sides of the law firm marketing process, including work as a lawyer, marketing, product sales rep, and consultant to some of the nation's top law firms. Finally, TLMB provides takeaways on every page that can be implemented by attorneys today to improve their success in the practice of law.

Resilience of Luxury Companies in Times of Change Gabriella Lojacono, Laura Ru Yun Pan, 2021-08-23. Why do some luxury companies remain resilient through times of change while others do not? The reason is that these companies have unique skills to diversify their revenue generation by being ambidextrous. Luxury companies today cannot depend on their reputation or their creativity alone to remain resilient; rather, they require the ability to be ambidextrous to explore new trajectories for future growth and exploiting their iconic values. In past decades, the industry has shifted from product to customer-centric and forced companies to adopt new strategies and approaches to succeed. This includes the adoption of digital platforms such as e-commerce, social media, and mobile-enabled tools to continually elevate customer experience. In addition, new business models have emerged to address growing pains, particularly in inventory issues over manufacturing and sustainability. Brands today are forced to adopt evolution through innovation that is anchored by new values without compromising their DNA. Based on in-depth research and interviews with CEOs from leading luxury companies, Lojacono and Pan show how companies can hedge their risks and remain resilient in times of change.
