The Hype Machine Sinan Aral, 2021-09-14 A landmark insider's tour of how social media affects our decision making and shapes our world in ways both useful and dangerous, with critical insights into the social media trends of the 2020 election and beyond. The book might be described as prophetic. At least two of Aral's three predictions have come to fruition. New York Times **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED** **LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD**. Social media connected the world and gave rise to fake news and increasing polarization. It is paramount. MIT professor Sinan Aral says that we recognize the outsized effect social media has on us, on our politics, our economy, and even our personal health, in order to steer today's social technology toward its great promise while avoiding the ways it can pull us apart. Drawing on decades of his own research and business experience, Aral goes under the hood of the most powerful social networks to tackle the critical question of just how much social media actually shapes our choices, for better or worse. He shows how the tech behind social media offers the same set of behavior-influencing levers to everyone who hopes to change the way we think and act, from Russian hackers to brand marketers, which is why its consequences affect everything from elections to business, dating to health. Along the way, he covers a wide array of topics, including how network effects fuel Twitter's and Facebook's massive growth, the neuroscience of how social media affects our brains, the real consequences of fake news, the power of social ratings, and the impact of social media on our kids. In mapping out strategies for being more thoughtful consumers of social media, *The Hype Machine* offers the definitive guide to understanding and harnessing for good the technology that has redefined our world overnight.

Un-Trumping America

Dan Pfeiffer, 2020-02-18 From the 1 New York Times bestselling author of Yes We Still Can and cohost of Pod Save America a sharp political playbook for how Democrats can take on the right wing circus dominating American politics There is nothing more important than beating Donald Trump in 2020 but defeating Trump is just the start of this timely book Un Trumping America offers readers three critical insights first Trump is not an aberration but rather the logical extension of the modern Republican Party second how Democrats can defeat Trump in 2020 and third preventing the likes of Trump from ever happening again with a plan to fix democracy While the catalog of the president's crimes is long and growing undoing Trumpism the political platform of racism authoritarianism and plutocracy that gave rise to Trump and defines the Republican Party is a long and continuing fight Through a craven cynical strategy engineered by Mitch McConnell funded by the Kochs and fueled by Fox News propaganda Republicans have rigged American politics to drown out the voices of the people in favor of the powerful Without an aggressive response that recognizes who the Republicans are and what they have done American democracy as we know it won't survive this moment and a conservative shrinking mostly white minority will govern the country for decades Un Trumping America dismantles toxic Trumpism and offers a way forward Dan Pfeiffer worked for nearly twenty years at the center of Democratic politics from the campaign trail to Capitol Hill to Barack Obama's White House But it was Trump's victory and Republicans' incessant aiding and abetting of Trumpism that has radicalized his thinking Here Pfeiffer urges Democrats to embrace bold solutions from fixing the courts to abolishing the electoral college to eliminating the filibuster in order to make America more democratic and Democratic Un Trumping America is a powerful call for Democrats and progressives to get smarter tougher and more aggressive without becoming a paler shade of orange
