companies to promote or sell their products or stuff for a commission or other consideration That other people or companies are called Affiliates and the owners of the products or services and of the affiliate program are called Sponsors Affiliate marketing is a revenue sharing partnership between a web merchant and one or more affiliates The affiliate is paid a commission for referring clicks leads or most often sales to the merchant An affiliate s advantage is that he can make money in a business where he doesn t have the upfront costs of creating his own product and he doesn t have to worry about e commerce bookkeeping or even customer support for it is the merchant s responsibility You ve probably heard of affiliate programs Companies use affiliate programs to sell their products The most common way for making money online with affiliate programs is through posting a link on your website When a customer clicks on that link and buys the product you earn a commission Many affiliates are earning considerable amount of commissions up to more than 10 000 a month and even hundreds of thousand dollars through this affiliate scheme depending on your creativity and working habits Because of this most of them stopped working as an employee and focus on affiliate marketing at their own time own pace own strategy and most importantly at home with their families without seeing a face of the annoying BOSS There are many advantages to making money online with affiliate programs Startup costs are minimal The only money you spend is to promote the product whether through a website or other means You don t actually sell the product so you don t spend time shipping the products or money to buy them at wholesale prices hoping to sell them later Another advantage is that you don t have to worry about unsatisfied customers returning the product to you Now for sure you want to be an affiliate marketer with all that benefits an affiliate could get But do you have what it takes to be an affiliate marketer Worry no more This book will teach you 68 effective affiliate marketing ideas to be a cash rocketing super affiliate This book features the following useful contents for optimum business achievement Earning Money With Affiliate Programs Finding Affiliate Programs Where To Start How Affiliate Programs Work For You Things You Need To Have To Succeed In Affiliate Marketing Creating Multiple Streams Of Affiliate Marketing Income Do You Make These Affiliate Mistakes Extreme Payout Affiliate Business Start your venture now Possess the qualities of a super affiliate and get ready to be rich
