Expert Hybrid Work Schedule Ideas For Teachers:

What Brain Research Can Teach About Cutting School Budgets Karen D. Olsen, 2010-02-18 Karen Olsen has put budget topics into perspective so that school administrators can make decisions based on what is best for children not what is easiest and most efficient for adults This book is a powerful guide in helping our principals see through the fog of mandates policies and red tape and get to the priority of students Terri Patterson Director of Elementary Education Waco Independent School District TX This book boldly asserts that brain research should be applied wherever human brains are working Not only can and should brain research inform how and what we teach in the classroom it should be brought to bear in boardrooms and the school budgeting process as well Linda Jordan Associate Professor Hope College Make objective budget cutting decisions that will truly impact student achievement In tough economic environments budget cutting is a daunting but necessary task for many school administrators Karen D Olsen takes an exciting unique approach by applying brain research to budgeting Now educators can make the decision making process more objective by using analytical thinking in school budgeting rather than responding to emotion tradition or outside influences Providing a strategy builder chart this book Offers action items for putting the strategies into practice Helps leaders determine where money should be reinvested or reallocated Provides specific tips for working within a group decision making setting Includes more than 30 analytical charts to aid in gathering needed information *What Brain Research Can Teach About Cutting School Budgets* offers principals and district leaders a methodical process for taking subjectivity out of the budgeting process
