PASCAL ,1991 **The New York Times Index** ,1991 *#ENTRYLEVELtweet* Heather R. Huhman, 2010 The statistics are frightening The National Association of Colleges and Employers NACE 2009 Student Survey shows that just 19.7 percent of 2009 graduates who applied for a job actually have one And according to NACE's Job Outlook 2010 Fall Preview employers expect to hire 7 percent fewer graduates from the college Class of 2010 than they hired from the Class of 2009 What's worse this issue cannot completely be blamed on a poor economy Entry level hiring should have increased because many employers have laid off more expensive experienced talent So what's preventing new talent from entering the career marketplace Millennials those individuals born between 1977 and 1997 and also known as Generation Y often expect college to teach them how to find jobs and are disappointed upon finding out this is not the case And the career advice they do receive comes from authority figures i.e. campus career center staff whom they do not believe or trust These graduates need practical and insightful guidance from someone who knows the challenges they face and how to overcome them *ENTRYLEVELtweet*

of a Zambian mobile money agent and to discover how that work is vital to a population outside of the banking system That said the narrators individual voices sound somewhat similar to each other and the speakers too rarely offer up surprising or engaging anecdotes The emphasis here is strongly on the work itself and the sociopolitical context that created the opportunity for such work There s great value in capturing that but the book might prove more enticing for general audiences with a greater emphasis on voice and storytelling Booklife Publisher s Weekly **Great Pajama Jobs** Kerry E.
