The Social Impact of Automating Translation Esther Monzó-Nebot,Vicenta Tasa-Fuster,2024-12-30 This collection critically examines the practical impacts of machine translation MT through the lens of an ethics of care It addresses the ideological issues in MT development linked to social hierarchies and explores the transformative potential of care ethics for more equitable technological progress The volume explores the ideological constructs behind MT as a labor saving technology how these constructs are embedded in both its development and social reception and how they manifest in biased outputs The chapters cover the cultural roots of translation automation its legal and political implications and the needs of various stakeholders These stakeholders include lay users Indigenous communities institutions educators and professionals in an increasingly multicultural society The book also addresses individuals who require translation daily with varying degrees of familiarity with their own translation needs and the tools available Through critical engagement with the social impacts of MT the book advocates for an epistemology of care to foster social equity and democratic values in technological progress This book will interest scholars in translation studies law and sociotechnology as well as practicing translators policymakers technologists and activists seeking ethical and inclusive approaches to machine translation and technological development

Technology for Good Jim Fruchterman,2025-09-02 A visionary guide to using technology for positive social change from a MacArthur genius awardee former rocket engineer and passionate leader in the social enterprise movement The accepted wisdom in big business is that the only worthy ideas are ones that make a lot of money preferably billions But Jim Fruchterman believes there is a different path for technology What if tech returned to its roots and made people more effective and powerful What if the benefits of technology came to the 90 percent of humanity traditionally neglected by for profit companies in favor of immense profits gained by focusing on the richest 10 percent In Technology for Good Fruchterman explores that question and delivers a comprehensive how to for leaders who want to create expand join support and improve organizations that see building technology as a key element of delivering on their social good mission The author makes a strong case that tech is required for social change at scale He then offers guidance on how to structure fund staff manage scale and sustain nonprofits that leverage technology for social good The book includes actionable proven practices compelling case studies of nonprofits that have cracked the code on tech for good and Fruchterman s own stories of what he has learned as a tech for good entrepreneur With 80 percent of the examples in the book from organizations and individuals outside the US Technology for Good is a call to action with a genuinely global focus blazing a path toward a future in which human beings come rightly and justly before profits
