Expert Ai Transcription Tool Guide For High School Students:

Leveraging AI for Human-Centered Learning Marlee S. Bunch, Brittany R. Collins, 2025-07-22 Leveraging AI for Human Centered Learning provides intentional approaches to the integration of artificial intelligence tools into middle and high school classrooms specifically to foster equity and social emotional wellbeing The overlap of AI with today s schools poses pivotal questions about ethics morality inclusion and human learning at a time when students are already reckoning with public health crises systemic injustice and other connected challenges This book helps teachers examine the pros and cons of artificial intelligence as used by both educators and students as well as its implications for meaningful culturally responsive teaching and social emotional learning efforts Featuring activities lesson plans and discussion and writing prompts for use with adolescent learners each chapter offers concrete pedagogical approaches and instructional innovations that align technological changes with learning objectives in ways that advance rather than replace or neutralize attention to equity and well being
