This book demonstrates how brands use AI to entice customers and discusses the use of AI as a competitive advantage for marketers. Did you know that investors at Wall Street wait for the Groundhog Day's forecast to make their financial decisions? Did you know that your favorite influencer is not a real person? Did you know that your smartphone works like a magic wand? Don't you feel cursed without it? You will know all about it in this book. Consumers just like you are looking for an effortless life, and technology is making it possible with self-driving and self-parking cars, smart houses, beds automatically adjusting to one's sleeping needs, and robot vacuuming homes, all without human intervention. While we share our personal QR codes, brands bring you magical solutions: Mr. Clean Magic Eraser, L'Oréal Magic Roots, and you can customize your life by magically creating your own world with the metaverse and the products you want with a 3D printer. Technology and magic enclose mysteries that we cannot assess; we see the input and the output, but no one knows exactly what happens within the process. Extensively documented with publications and empirical research, this book demonstrates how brands use AI to entice customers. It also discusses the use of AI as a competitive advantage for marketers and its deployment around the world. Whether you are curious and confused about technology or a marketer without an IT background expected to incorporate AI in your marketing strategies, this book is for you. So put some magic in your life. **AI Business for Everyone** Michael T. Murphy. AI income strategies that actually work for YOUR life. This 1,000-page manual guide delivers hyper-personalized passive income roadmaps for 15 demographics: parents, retirees, freelancers, everyone. With 2,100 ready-to-use prompts, case studies exposing costly pitfalls, and aggressive 30-day action checklists, you'll build your 1,000 monthly automated income while others just read about AI. While others debate whether AI will take their jobs, smart individuals across every demographic are quietly building automated income streams, generating thousands monthly. This isn't another generic "make money with AI" guide assuming everyone's a tech-savvy twenty-something. This is the first truly democratized roadmap to AI wealth, crafted for YOUR specific situation. Whether you're a stay-at-home parent squeezing work between school runs, a retiree navigating technology, a burned-out freelancer seeking leverage, or an influencer fighting algorithm changes, this 1,000-page manual guide delivers hyper-personalized strategies for your unique circumstances. Each of fifteen demographic-focused chapters weaponizes your specific advantages and turns perceived limitations into competitive edges. What sets this guide apart is relentless practicality. This isn't theoretical exploration; it's a bootcamp. Every chapter demands action through implementation checklists, leaving zero room for procrastination. You'll launch micro-businesses during naptime, automate client work during lunch breaks, and build passive income streams aligned with your lifestyle constraints. At its heart lies an arsenal of 2,100 battle-tested prompts, categorized by industry and demographic needs. These aren't generic templates; they
