Deconstructing Woke Brainrot Conrad Riker, 2021-01-01 Your Mind Is Under Attack And You're Not Even Aware Are you tired of feeling like the world is rigged against men Do you see masculinity being mocked while weakness is praised and wonder how we got here Have you been punished for speaking up only to watch ideology replace truth This book is not just another rant It's a full spectrum dismantling of the forces eroding men's minds identities and futures Exposes how TikTok and Chinese tech are rewiring male attention spans and values Reveals the hidden Marxist roots of modern feminism and gender ideology Shows how evolutionary biology proves traditional roles aren't oppression they're survival Presents irrefutable data on male female differences that cancel culture refuses to acknowledge Uncovers real cases where men were destroyed by false accusations and ideological bias Documents how schools media and corporations are weaponizing inclusion to erase men Proves that gender fluidity harms children and benefits ideological extremists Equips you with logic facts and courage to reject social engineering and reclaim your mind If you want to break free from brain rot resist ideological control and stand firm as a man in a collapsing culture buy this book today **Mad Men Unzipped** Karen E. Dill-Shackleford, Cynthia Vinney, Jerri Lynn Hogg, Kristin Hopper-Losenicky, 2015-12-01 This is the story of the Mad Men fan phenomenon how the show and its fans distinguished themselves in a market where it's hard to make an impression not unlike the driven ad execs at the center of the show In this book four media psychologists who also just happen to be dedicated Mad Men fans explore how the show's viewers make meaning from fictional drama The authors also interviewed several contemporary advertising industry professionals getting their inside view of the business in its modern guise and what they make of the show's vision of their past The result is cutting edge psychological research that crunches and codes online fan commentary to understand the ways that people use the show to debate complex social issues from sex and alcohol to gender roles parenting and advertising itself What do the 1960s mean to us today and how well does the twenty first century measure up against that famously turbulent decade Which characters do fans identify with and which ones do they love to hate How would fans unfurl the Mad Men storylines if they were in charge What makes a good man and has it changed over time How should husbands and wives treat each other and how should parents treat their children In answering these questions the authors explore not just the online commentary but also Mad Men fans fan fiction cosplay cocktail making and vintage furniture collecting Whether tweeting as one of the main characters or just a lowly mail clerk setting Peggy up with the man who'll treat her right or figuring out just which Mad Man they are at heart fans integrate the show into their lives and use it to make sense of their own choices in work leisure and love **Man Up** Cynthia Miller-Idriss, 2025-09-16 The revelatory and urgent story of how an explosion of misogyny is driving a surge of mass and far right violence throughout the West from an internationally recognized extremism expert and media commentator What two things do most mass shooters terrorists or violent extremists have in common Most of us know the first they are almost

always men or boys But the second They are almost always virulent misogynists homophobes or transphobes even if they are also motivated by racism antisemitism or xenophobia The antigovernment militiamen charged with plotting to kidnap and execute Michigan governor Gretchen Whitmer used language saturated with misogyny with one telling an FBI informant Just grab the bitch The men who killed scores at Virginia Tech the Pulse nightclub and a Maryland newsroom all had prior reports of stalking domestic violence or harassment of women And in dozens of other incidents from North America to Norway to New Zealand an increasing number of misogynist incel involuntary celibate and male supremacist attackers have explicitly targeted and killed women blaming feminism or sexual frustration with women as motivation for their attacks Yet despite all evidence the bright red thread of misogyny running through these attacks is barely acknowledged by the media or even experts and this failing leaves us powerless to stop the violence In Man Up Cynthia Miller Idriss a leading expert on extremism addresses this crucial oversight head on revealing how an epidemic of misogyny both online and off and a patriarchal backlash are driving an exponential rise in mass and far right violence She also offers essential strategies that all of us including parents teachers and counselors can use to fight the rising tide of violence beginning with recognizing the misogyny that pervades our everyday lives
