Multidisciplinary Approach to Diversity and Inclusion in the COVID-19-Era Workplace Hynes, Rilla, Aquino, Carlos Tasso, Hauer, Josephine, 2022-02-25 Empathy diversity inclusion and soft skills are key building blocks of an innovative workforce challenged to respond to the ever growing needs of the COVID 19 era Organizations that value diversity and inclusion are looking for ways to manage the shift of workers and skills from traditional manufacturing to the 21st century vision by incorporating new technology and tools In this new model a diverse workforce is necessary as creativity and innovation grow from the skills that differentiate humans Further research into the next steps for using diversity and inclusion in an efficient manner discovering and training new skill sets and building sustainability into the creative process is needed to fully embrace this new era of inclusion Multidisciplinary Approach to Diversity and Inclusion in the COVID 19 Era Workplace highlights best practices of successful companies in the new normal conditions caused by the pandemic and provides innovative research on diversity and inclusion to help organizations navigate the changing competitive global environment Covering a range of topics such as remote work unconscious bias and information literacy it is ideal for professors researchers academicians practitioners human resource professionals industry professionals and students

Why Workplace Wellbeing Matters Jan-Emmanuel De Neve, George Ward, 2025-03-25 The definitive account of workplace wellbeing and its key drivers offering a fresh data driven perspective on the connections between happiness productivity and organizational success Most of us spend a third of our waking lives at work Work shapes our schedules relationships identities and economies but is it actually making us happy This crucial question is explored in depth by leading Oxford researchers Jan Emmanuel De Neve and George Ward who provide the richest most comprehensive picture of workplace wellbeing yet In Why Workplace Wellbeing Matters the authors clarify what workplace wellbeing is and is not and offer a framework for how businesses can approach and improve it Drawing on extensive large scale data including the world's largest data set on employee wellbeing gathered in partnership with the jobs platform Indeed the book reveals the remarkable ways in which wellbeing at work varies across workers occupations companies and industries The authors present new evidence based insights into the origins of workplace wellbeing and how businesses can enhance the employee experience Integrating work from multiple academic disciplines they show that workplace wellbeing encompasses both how we think about our work as a whole and how we feel while doing it Their research demonstrates that improving wellbeing can boost productivity aid in talent retention and recruitment and ultimately improve financial performance With in depth analysis and keen insight De Neve and Ward debunk myths and test assumptions amid an often confusing cacophony of voices on wellbeing at work Why Workplace Wellbeing Matters provides a firm foundation and indispensable resource for leaders seeking to shape the future of work

Knowledge Management Irma Becerra-Fernandez, Rajiv Sabherwal, Richard Kumi, 2024-02-23 Knowledge Management Systems and Processes in the AI Era Third Edition is aimed at students and

managers who seek detailed insights into contemporary knowledge management KM It explains the concepts theories and technologies that provide the foundation for knowledge management the systems and structures that constitute KM solutions and the processes for developing deploying and evaluating these KM solutions This book serves as a complete introduction to the subject of knowledge management incorporating technical and social aspects as well as concepts practical examples traditional KM approaches and emerging topics This third edition has been revised and expanded to include more coverage of emergent trends such as cloud computing online communities crowdsourcing and artificial intelligence Aimed at advanced undergraduate postgraduate and MBA students who are seeking a comprehensive perspective on knowledge management Knowledge Management is also complemented by online support for lecturers including suggested solutions to the many review questions and application exercises contained within the book **The 10-Second Commute** Terri R.

Kurtzberg, Mason Ameri, 2022-10-18 Virtual work which was steadily on the rise even before the pandemic is explored in this timely book that describes the impact of technology on our work experiences ranging from the individual psychological level to the broad societal implications Widespread remote work is now possible but it comes with its share of frustrations Virtual work has changed our lives in ways big and small from trying to balance our time to what we wear and where we sit and from how we communicate to where we should look during a videoconference It s also fundamentally changed what kinds of jobs we can now do Grounded in research and including lively personal anecdotes The 10 Second Commute provides a thoughtful and comprehensive scan of the nature of virtual work The authors both researchers in management and technology explore the current questions of our virtual lives such as Why Zoom instead of Skype Why are emojis so useful Why is videoconferencing so exhausting How does diversity at work both help and hinder productivity Virtual work is more than just work it permeates our whole lives and it will continue to do so as hybrid work arrangements become the new normal Helping readers better understand the virtual work experience this book will engage and inform everyone who is still trying to make it work *New Idea Woman's Magazine* ,1907 Routledge Companion to Creativity and the Built Environment Julie T.

Miao, Tan Yigitcanlar, 2024-03-29 This book crtically examines the reciprocal relationship between creativity and the built environment and features leading voices from across the world in a debate on originating learning modifying and plagiarizing creativities within the built environment The Companion includes contributions from architecture design planning construction real estate economics urban studies geography sociology and public policies Contributors review the current field and proposes new conceptual frameworks research methodologies and directions for research policy and practice Chapters are organised into five sections each drawing on cross disciplinary insights and debates Section I connects creativity productivity and economic growth and examines how our built environment stimulates or intimidates human imaginations Section II addresses how hard environments are fabricated with social cultural and institutional meanings and how these evolve in different times and settings Section III discusses activities that directly and indirectly shape the material

development of a built environment its environmental sustainability space utility and place identity Section IV illustrates how technologies and innovations are used in building and strengthening an intelligent real time responsive urban agenda Section V examines governance opportunities and challenges at the interface between creativity and built environment An important resource for scholars and students in the fields of urban planning and development urban studies environmental sustainability human geography sociology and public policy

Sociology, Work, and Organisations Brian McDonough, Jane Parry, 2024-10-23 This accessible edited collection provides global context for undergraduate and postgraduate students studying the sociology of work and organisations Composed of short example led chapters this book covers a wide range of contemporary topics including the COVID 19 pandemic the digitalisation of work the gig economy and the shifting roles of women and other marginalised groups The book s innovative approach uses case studies as diverse as work life balance in China gender pay inequity in Britain and Germany and the exploitation of workers on the Mexico US border to incorporate perspectives from both the Global North and South and provide students with the tools to analyse new developments in the rapidly changing world of work The book is particularly concerned with inequalities and marginalisation in the workplace discussing discrimination against women ethnic minorities migrants and older workers The book also explores how increasing digitalisation the rise of the gig economy and the COVID 19 pandemic have impacted working practices and how this relates to precarious employment Other chapters are dedicated to issues of workplace organisation including female leadership work life balance and well being The book goes on to explore how climate change and policies such as Universal Basic Income may shape the future of work in the near future Each chapter also includes useful pedagogical resources including practice exam questions key concepts and definitions and further readings Therefore the book will be therefore essential reading for undergraduate and postgraduate students studying the sociology of work business management and organisation
