Handbook of Research on Redesigning Teaching, Learning, and Assessment in the Digital Era Meletiadou, Eleni, 2023-05-15. Recent evolutions such as pervasive networking and other enabling technologies have been increasingly changing human life, knowledge acquisition, and the way works are performed, and students learn. In this societal change, educational institutions must maintain their leading role. They have therefore embraced digitally enhanced learning to provide increased flexibility and access for their students. The *Handbook of Research on Redesigning Teaching, Learning, and Assessment in the Digital Era* provides insights into the transformation of education in the digital era and responds to the needs of learners of any context and background through relevant studies that include sound pedagogical and content knowledge. Covering key topics such as hybrid learning, media, remote learning, and social media, this major reference work is ideal for administrators, policymakers, academicians, researchers, scholars, practitioners, librarians, instructors, and students.

Digital Literacy at the Intersection of Equity, Inclusion, and Technology Prager, Katelyn Burton, Bilge, Nurhayat, 2024-08-15. At the forefront of contemporary higher education lies a need for a profound exploration of the relationships between equity, inclusion, and digital technologies. Across diverse disciplines, students and faculty grapple with the far-reaching impacts of this complex interplay. As our educational landscape transforms at an unprecedented pace, a national and global imperative emerges: the necessity for a deeper understanding of the challenges posed by digital technologies. In response to this call, the book titled *Digital Literacy at the Intersection of Equity, Inclusion, and Technology* serves as a resource to help educators. This book seeks to unravel the issues that permeate the educational sphere, fostering broader multidisciplinary conversations. It is a pivotal resource designed to empower teacher-scholars as they navigate the swiftly evolving terrain of the digital age. The primary objective of this text is to examine the intersection of equity, inclusion, and digital pedagogies. It embarks on a journey to explore how educators can harness the power of technology to create learning environments that are inherently equitable, both online and offline. Not merely theoretical, this book is a blend of insightful theoretical chapters on equitable digital pedagogies and a wealth of practical materials, including assignments, syllabi, and course program designs. This compilation is a compass for teacher-scholars navigating the nuanced terrain of leveraging technology to foster thoughtful digital citizens, merging theory with actionable strategies.
