Comparative Research on Diversity in Virtual Learning: Eastern vs. Western Perspectives Khlaif, Zuheir, Sanmugam, Mageswaran, Itmazi, Jamil, 2023-03-20 In today's modern world it is crucial to ensure diversity and inclusion are present in all forms of education. This can be particularly difficult to achieve in virtual learning environments as educators and students adjust to this new way of teaching and learning. Further study on how schools and institutions across the globe are promoting diversity in online environments is necessary to discover the best practices and ensure education as a whole remains inclusive. Comparative Research on Diversity in Virtual Learning: Eastern vs. Western Perspectives collects lived experiences of stakeholders from different countries regarding their experiences with teaching in diverse virtual learning environments. The book identifies characteristics of diversity in virtual online learning and explores the best practices of teaching and learning in said environments. Importantly, the reference covers experiences from both Eastern and Western countries and compares the challenges and opportunities afforded to both. Covering topics such as student engagement, computational thinking, and diverse environments, this reference work is ideal for teachers, administrators, policymakers, researchers, academicians, scholars, practitioners, instructors, and students.

**AI as Help and Hindrance in Education** Duarte, Alexandre, Andrade, José Gabriel, Dias, Patricia, 2025-07-28 AI is rapidly transforming the educational landscape, offering both challenges and opportunities. On one hand, AI enhances personalized learning experiences and streamlines administrative tasks. On the other hand, AI raises concerns around data privacy, academic integrity, and an over-reliance on automated systems. As educational institutions increasingly integrate AI into classrooms and curriculums, it is essential to understand its dual role as a powerful tool and a potential obstacle. AI as Help and Hindrance in Education explores the use of AI in learning platforms. It comprehensively discusses both the opportunities and challenges to the integration of AI in education. Covering topics such as bilingualism, online course evaluations, and virtual learning environments, this book is an excellent resource for educators, academic researchers, students, instructional designers, school administrators, and education technology professionals in both the public and private sectors.
