Social Media Measurement and Management Jeremy Harris Lipschultz, 2024-08-01 This revised and updated textbook applies a critical and practical lens to the world of social media analytics Author Jeremy Harris Lipschultz explores the foundations of digital data strategic tools and best practices in an accessible volume for students and practitioners of social media communication This second edition expands upon entrepreneurship marketing and technological principles demonstrating how raising awareness sparking engagement and producing business outcomes all require emphasis on customers employees and other stakeholders within paid earned social and owned media It also looks to the future examining how the movement toward artificial intelligence and machine learning raises new legal and ethical issues in effective management of social media data Additionally the book offers a solid grounding in the principles of social media measurement itself teaching the strategies and techniques that enable effective analysis It features theoretical and practical advice a comprehensive glossary of key terms and case studies from academic and industry thought leaders A perfect primer for this developing industry this book is ideal for students scholars and practitioners of digital media seeking to hone their skills and expand their bank of new tools and resources

Emotions Online Alan Petersen, 2022-12-30 Digital media have become deeply immersed in our lives heightening both hopes and fears of their affordances While the internet mobile phones and social media offer their users many options they also engender concerns about their manipulations and intrusions Emotions Online explores the visions that shape responses to media and the emotional regimes that govern people s engagements with them This book critically

examines evidence on the role of digital media in emotional life Offering a sociological perspective and using ideas from science and technology studies and media studies it explores The dimensions and operations of the online emotional economy Growing concerns about online harms and abuse especially to children Deepfakes and other forms of image based abuse The role of hope in shaping online behaviours Digital well being and its market COVID 19 s impacts on perceptions of digital media and Big Tech Growing challenges to centralised control of the internet and the implications for future emotional life The book breaks new ground in the sociological study of digital media and the emotions It reveals the dynamics of online emotional regimes showing how deceptive designs and algorithm driven technologies serve to attract and engage users As it argues digital media rely on the emotional labours of many people including social media influencers and content moderators who make the internet seem smart The book provides an invaluable overview of the evidence and debates on the role of digital media in emotional life and guidance for future research policy and action Fashion, Popular Culture and Political Economy Nirupama Singh Dar, 2025-03-21

This book delves into the intricate interplay of political economic and philosophic forces that have shaped popular culture fashion social movements and societies Exploring the developments of the twentieth century and the transition into the new millennium this work traces the causality between culture fashion philosophical discourses and political economy It analyzes political economic and philosophical factors to demonstrate how fashion emerges as a pivotal force that guides and shapes post modern democratic societies and market economies The volume weaves together insights from sociology cultural studies feminist studies fashion history cinematography media the entertainment industry and social policy research It examines how postmodern societies shaped by post structuralist critique and neo liberal ideologies navigates the complexities of democracy and market economies evolving from deeply entrenched systems of colonialism and feudalism to achieve modernization and massive technological progress and reach a social reality of postmodernist paradigms Topical and lucid this invigorating work shows how fashion leads to social engineering It will be of interest to scholars and researchers of fashion studies popular culture cultural studies sociology gender studies political economy and political studies This book also provides valuable perspectives for policymakers film critics women s rights groups social policy researchers film censor boards and journalists Grow a Business Without Paid Traffic: Organic Growth Through Strategic Relationships Ahmed Musa , 2025-05-25
