Basic Concept of Journalism

Branden Salas, 2018-10-15 Journalism is a form of communication but it is distinct from other forms It is unique because it is a one way message or story from the journalist to the audience It is most unique because the message isn't the journalist's personal story or subjective thoughts Instead the journalist acts as a conduit narrating an objective story about something that happened or is happening based on his or her observations and discoveries Journalism can be distinguished from other activities and products by certain identifiable characteristics and practices These elements not only separate journalism from other forms of communication they are what make it indispensable to democratic societies History reveals that the more democratic a society the more news and information it tends to have Journalism means writing for newspapers or magazines It is the communication of information through writing in periodicals and newspapers The people have an inborn desire to know what's novel or new This curiosity is satisfied by the journalists through their writing in the newspapers and journals on current affairs and news This book provides a lively and authoritative introduction to journalism in all its forms The focus of the book is to show how journalists do their job not only by explaining the process but also by hearing from those who do it on a daily basis The book is a product of communication revolution and changing mass communication perspectives

Sociology, Work, and Organisations Brian McDonough, Jane Parry, 2024-10-23 This accessible edited collection provides global context for undergraduate and postgraduate students studying the sociology of work and organisations Composed of short example led chapters this book covers a wide range of contemporary topics including the COVID 19 pandemic the digitalisation of work the gig economy and the shifting roles of women and other marginalised groups The book's innovative approach uses case studies as diverse as work life balance in China gender pay inequity in Britain and Germany and the exploitation of workers on the Mexico US border to incorporate perspectives from both the Global North and South and provide students with the tools to analyse new developments in the rapidly changing world of work The book is particularly concerned with inequalities and marginalisation in the workplace discussing discrimination against women ethnic minorities migrants and older workers The book also explores how increasing digitalisation the rise of the gig economy and the COVID 19 pandemic have impacted working practices and how this relates to precarious employment Other chapters are dedicated to issues of workplace organisation including female leadership work life balance and well being The book goes on to explore how climate change and policies such as Universal Basic Income may shape the future of work in the near future Each chapter also includes useful pedagogical resources including practice exam questions key concepts and definitions and further readings Therefore the book will be therefore essential reading for undergraduate and postgraduate
