"Free AI Tools for Teachers 2025 Deepak D, 2025-09-18 Teaching has always been about balance balancing lessons grading parent communication and the unique needs of every student However in 2025 maintaining that balance is more challenging than ever Teachers are stretched thin and the demands of modern classrooms can feel overwhelming That s where artificial intelligence AI comes in But let me be clear this

book isn't about replacing teachers with robots or adding more technology headaches to your plate. It's about introducing you to free, easy-to-use AI tools that can reduce your workload, spark creativity and free up time for what matters: connecting with your students. When I started researching AI in education, I was amazed by how many powerful tools were available at no cost. Teachers were using them to draft lesson plans in minutes, generate practice quizzes, provide personalised feedback and even keep their classrooms more organised. The more I explored, the clearer it became: every teacher deserves access to these tools and most importantly, guidance on how to use them effectively.

You to the Power of Two Joseph Bradley, Don

Tapscott, 2025-12-02. A new and previously unexplained era of artificial intelligence will transform human life forever. Discover what this means for our personal identity and our future. AI tools are already reshaping the way we work and communicate, but as they gain autonomy, they will no longer be mere tools; they will become active participants in our world. As our digital identities become smarter and more capable, we enter the age of 'identic AI'—a world where ever-present AI companions streamline daily tasks, enhance wellbeing and offer lifelong learning. For professionals, these intelligent agents will amplify creativity, boost productivity and expand human potential. But with this extraordinary promise comes profound risks to individuals, businesses and society itself. From technology experts Joseph M. Bradley and Don Tapscott, *You to the Power of Two* is a thought-provoking and timely guide that will prepare readers to thrive in a world of personal AI agents by revealing how our new digital sidekicks will transform our careers, healthcare, education and relationships. Empowering readers to embrace AI with confidence and purpose rather than fear, exploring AI's role in redefining human potential, success and the institutions of society. Explaining self-sovereign identity and decentralized AI models that will safeguard autonomy, control and future. For individuals, businesses and policymakers alike, 'identic AI' will reshape how we work, learn and connect. Will we harness its power for a more equitable future, or will we let it shape us in ways we can't control? The future isn't written. It's ours to create. Digital Media in EFL Classrooms, 2025-02-26. Seminar paper from the year 2024 in the subject English Language and Literature Studies / Linguistics, grade 1.0, University of Kaiserslautern. Anglistik course / Linguistics language English abstract. Nowadays, English as a second language is more challenging for learners than ever. Shifting the focus on pronunciation teaching occasionally also puts more value on other issues like interference between sound systems in L2 classrooms. Technologies such as audio conferencing, video chat rooms, AI, Artificial Intelligence and online learning platforms may have great potential to help learners overcome pronunciation difficulties. At the beginning of 2019, when COVID-19 struck down the globalized world and every country's educational sector, these insights became more than relevant. At this time, overstrained teachers and students had to provide and perceive everything through online resources only to acknowledge the benefits of media in pronunciation teaching after a short period. **AI GUIDE FOR TEACHERS** Dean Jordan, AI is changing the world and classrooms are no exception.
