Armstrong's Handbook of Human Resource Management Practice Michael Armstrong, Stephen Taylor, 2023-01-03
Armstrong's Handbook of Human Resource Management Practice is the definitive resource for HRM students and professionals helping readers understand and implement HR to align with business needs. This book provides detailed coverage of all areas essential to the HR function such as employment law, employee relations, learning and development, performance management, and reward management. It also covers the HR skills needed to ensure professional success, including leadership, managing conflict, interviewing, and using statistics. It is illustrated throughout in full colour and has a range of pedagogical features to consolidate learning, such as source review boxes, key learning points, and case studies from international organizations such as IBM, HSBC, and Johnson and Johnson. This fully updated 16th edition includes new chapters on managing remote workers and developments in digital human resource management practices. There are also updates to reflect the changes throughout the HR function, such as performance leadership, smart reward, and employee wellbeing. Armstrong's Handbook of Human Resource Management Practice is suited to both professionals and students of undergraduate and postgraduate degrees. It is also aligned with the Chartered Institute of Personnel and Development (CIPD) profession map, so can be used by those studying the Associate Level 5 and Advanced Level 7 qualifications. Online supporting resources include comprehensive handbooks for lecturers and students, lecture slides, all figures and tables, toolkits, and a literature review, glossary, and bibliography.

The Palgrave International Handbook of Basic Income Malcolm Torry, 2023-10-20
This handbook brings together scholars from various disciplines and from around the world to examine the history, characteristics, effects, viability, and implementation of basic income. The first edition of this book contributed a comprehensive treatment of multiple aspects of the basic income debate. This updated expanded edition tackles new topics that are becoming increasingly prominent in the global debate. New chapters are devoted to recent research on the history of basic income, the development and peacemaking potential of basic income in conflict zones, municipal experiments in the United States, requirements for pilot projects and experiments, and the public health implications of basic income. Existing chapters on the implementation of basic income have also been substantially updated to take account of new research on microsimulation, land value tax, local currencies, and blockchain technology, and cryptocurrency, along with new material on the increasing use of opinion polls and the difficulties related to that. New political and ethical perspectives on the role of trade unions and their increasing engagement with the basic income debate are also introduced, while the section on pilot projects and experiments has been updated to cover recent political developments. Fully updated to reflect new global developments in the basic income debate, this handbook will be of interest to researchers, teachers, and research-oriented policymakers in a range of fields.

T-Kit 6 - Training essentials Sabine Klocker, Snežana Bačlija Knoch, Stefan Manevski, 2021-12-01
The training of youth workers is one of the main priorities of both the European Commission and the

Council of Europe and of their partnership in the field of youth Youth work is in the spotlight for both institutions and youth workers are essential for the quality of its provision This revised T Kit aims to equip youth workers and youth trainers with the essentials of non formal education training It is a practical tool for them to develop training competences and learn more about educational theory concepts tools practices resources as well as hands on tips as this handbook is written by trainers for trainers and youth workers in the European youth field Whereas other T Kits focus on one specific area of youth work training this one emerges from the broader European youth work context and enables trainers and youth workers to reflect on their daily practice as this publication follows the logic of an entire training cycle from beginning to end of any youth training programme with an international dimension The European youth training field has undergone massive changes since this T Kit was first published in 2002 Especially when it comes to digitalisation the focus on trainer competences and competence development training standards and quality criteria for training recognition of non formal education accessibility and diverse ability dimensions Topics such as access gender environment and sustainability or the focus on learning environments emotional management and well being of the trainer have greatly changed non formal education settings This T Kit offers information links and resources on how to work with young people in non formal education training settings today and make a difference in their personal lives as well as their peer groups and communities beyond
