New Directions in Science and Environmental Communication: Understanding the Role of Online Video-Sharing and Online Video-Sharing Platforms for Science and Research Communication Joachim

Allgaier, Asheley R. Landrum, 2022-02-11 **YouTube** Jean Burgess, Joshua Green, 2018-08-28 Since launching as a website for everyday video sharing in 2005 YouTube has become one of the world's most powerful digital media platforms. Originally published in 2009 when YouTube was only four years old, this book was the first to systematically investigate its cultural impacts and politics, highlighting the productive tensions between its amateur community rhetoric and its commercial media logics. Since then, YouTube has grown as a platform and matured as a company. Its business model is built on coordinating the interests of and extracting value from its content creators, audiences, advertisers, and media partners in a commercial setting where YouTube now competes with other powerful social media and streaming television platforms. Meanwhile, YouTube's diverse communities of content creators who developed the platform's most distinctive cultural forms and genres have strong ideas and interests of their own. While preserving the original edition's forensic analysis of YouTube's early popular culture and uses, this fully revised and updated edition weaves fresh examples, updated theoretical perspectives, and comparative historical insights throughout each of its six chapters. Burgess and Green show how, over its more than a decade of existence, YouTube's dual logics of commerciality and community have persisted, generating new genres of popular culture, new professional identities, and business models for the media industries, and giving rise to ongoing platform governance challenges. The book is essential reading for anyone interested in the contemporary and future implications of digital media platforms and will be particularly valuable for students and scholars in media communication and cultural studies.

Mountain Resort Marketing and Management Armelle Solelhac, 2021-08-25 Mountain resort tourism is a competitive environment experiencing increasing growth in new markets such as China that require the knowledge and skills developed by mature markets. This book provides these insights by offering a critical and up-to-date examination of the mountain industry. This book covers branding, management, and revenue optimization in an industry where very heavy investments are requested, and mature markets need to ensure they remain competitive. Chapters include interviews with professionals and international experts on mature markets to shed light on the development and marketing strategies that make these resorts successful. Major issues facing mountain resorts today are addressed, including climate change, sustainability, COVID-19, the experience economy, yield management, and dynamic pricing policies and investment management. Offering valuable knowledge on how to successfully market and manage ski resorts in an ever-changing and competitive environment, this will be useful reading for upper-level students, researchers, and current practitioners in winter sports destination development and management, sport tourism, and development studies. [The Complete Guide to YouTube Automation](#) Zeke Sanders, 2024-10-08 This eBook is designed to be your guide to the fascinating world of automating your YouTube channel.

Whether you're a seasoned content creator or a newcomer curious about what automation can do for you, this eBook will take you step by step through the process. The explosion of YouTube as a content platform has opened up enormous opportunities for content creators, entrepreneurs, and hobbyists alike. But as many YouTubers will tell you, the workload can be staggering. Consistently producing videos, engaging with the audience, optimizing content, and managing monetization can feel overwhelming. Enter YouTube automation, the ultimate toolset to help you work smarter, not harder. Automation in YouTube is all about optimizing your workflow so that you can reduce the time spent on repetitive tasks. It enables you to focus more on the creative and strategic aspects while delegating time-consuming work to automation tools. Imagine having a YouTube channel that virtually runs itself.
