Edmondson, 2024-01-05 The world that our forefathers knew no longer exists and the world in which most of us grew up is no longer here either Science has taken us into a new world in which humans and their activities are now augmented by robots that can perform many of the functions that were previously believed to be only possible for humans to perform The total impact of these changes is as yet unknown but we do know that every facet of human existence has been and will continue to be impacted There are many who fear for the future of mankind

while others see possibilities for changes that will improve all facets of our lives The one thing we do know life will never be the same again

Innovative Technologies for Increasing Service Productivity Manohar, Sridhar,Mittal, Amit,Raju, Sekar,Nair, Arjun J.,2024-03-04 Service organizations are grappling with unprecedented challenges in maintaining and enhancing productivity As the landscape evolves traditional approaches to service operations become obsolete necessitating a deep understanding of the intricate dynamics at play Innovative Technologies for Increasing Service Productivity delves into this urgent issue offering a comprehensive exploration of the trends and challenges confronting service industries The book sheds light on the impact of digital transformation emerging technologies and disruptive business models serving as a guide for navigating the complexities of service productivity in an ever changing environment As a groundbreaking solution this book not only identifies challenges but provides various solutions for service organizations to thrive amidst technological disruption Its unique selling points lie in the breadth of its coverage spanning diverse service industries and dissecting the symbiotic relationship between technology and productivity Offering practical strategies and tools the book equips service professionals with the means to enhance productivity quality and customer experience By connecting the gap between theoretical insights and practical implementation it stands as a valuable resource for academics researchers and service managers seeking innovative solutions to the evolving landscape of service productivity
