The Essential Guide to the Business & Law of Esports & Professional Video Gaming Justin M

Jacobson,2021-02-19 As esports has grown the need for professional legal representation has grown with it Justin s Essential Guide to the Business Law of Esports Professional Video Gaming provides a great baseline and will help prevent the legal horror stories of esports in the past Mitch Reames AdWeek and Esports Insider Justin s exploration of the business and law side of the esports sector fills a gap of knowledge that is an absolute necessity in truly understanding the esports space Kevin Hitt The Esports Observer The Essential Guide to the Business Law of Esports Professional Video Gaming covers everything you need to know about the past present and future of esports and professional video gaming The book is written by one of the foremost attorneys and business practitioners in today s esports and professional gaming scene Justin M Jacobson Esq This guide is meant to provide you with an in depth look at the business and legal matters associated with the esports world Includes coverage of the stakeholders in the esports business ecosystem including the talent the teams the publishers and the event organizers Explores various legal fields involved with esports including intellectual property employment and player unions business investments and tax write offs immigration and visas event operation tips social media and on stream promotions and much more The most current book on the market with actual contract provisions modeled on existing major esports player coach shoutcaster and sponsorship agreements About the Author Justin M Jacobson Esq is an entertainment and esports attorney located in New York City For the last decade he has worked with professional athletes musicians producers DJs record labels fashion designers as well as professional gamers streamers coaches on air talent and esports organizations He assists these creative individuals with their contract copyright trademark immigration tax and related business marketing and legal issues He is a frequent contributor to many industry publications and has been featured on a

variety of entertainment music and esports publications and podcasts including Business Insider The Esports Observer Esports Insider Tunecore and Sport Techie Justin has positioned himself as a top esports business professional working with talent in a variety of franchise leagues including the Overwatch League Overwatch Contenders and Call of Duty Pro League as well as in many popular competitive titles such as Fortnite CS GO Gears of War Halo Super Smash Brothers Rainbow 6 PUBG Madden and FIFA and mobile games such as Brawlhalla Clash of Clans and Call of Duty mobile Previously he worked with various esports talent agencies as well as in an official capacity on behalf of several esports teams and brands

The Game Development Strategy Guide Cheryl Platz, 2025-09-16

Some of today's most popular video games have been on the market for decades while others barely make it days before disappearing forever What differentiates the games that survive This expansive look at modern video game development gives you an end to end cross disciplinary understanding of the people processes and core design principles you'll need to create video games that thrive Who Should Read This Book This book is for anyone and everyone interested in working on and creating games including Aspiring game developers of any discipline Veteran game developers looking to reframe their understanding of game development to account for modern trends and standards Creative leaders who need to build and support environments where great video games are created Game designers trying to improve their understanding of the business considerations that have felled so many recent games User experience designers looking to understand define and expand their impact in the broader video game market Producers struggling with the choice of business model or monetization choices for their games Partners to video game developers like legal counsel business development venture capitalists marketing licensing and human relations You'll learn A standard for basic game design principles Foundational science and the art of universal player motivation critical to informing decisions about the game The modern gaming business including live service games The roles that people and companies play in the game development process A common language for game development techniques How to achieve creative ideation and learn prioritization techniques More advanced design topics to help games thrive over time How to design games that encourage positive social experiences Modern video gaming monetization techniques To recognize common ethical and legal issues About key video games hardware software engines and platforms What works and what doesn't in gaming showing common patterns in the industry and design struggles Insights that will apply to teams and games of any size from indie games to mega games Frequently Asked Questions Does game development in the title mean this is a programming book No This book is intended for anyone who works on video games and starts in Chapter 1 What Makes Us Play by exploring universal player motivations The word developer in video gaming like the broader software industry is used in many different ways As discussed in Chapter 3 Putting the Dev in Game Development while some folks believe game development refers only to programming it is usually a more general term applied to the collective act of making a game across all disciplines as demonstrated by the existence of the broader Game Developers Conference Is this book only useful

for new game developers This book is useful for game developers at any stage of their career While it s a fantastic overview for early career game developers many veterans who reviewed this book mentioned that they pulled away new insights especially from chapters like Chapter 9 From Emergence to Prosocial Gaming and Chapter 11 Efficient and Ethical Economies Readers will walk away with a common language for game development techniques from chapters like Chapter 3 and Chapter 13 The Good and Bad of Game Dev Processes that you can use with developers at any career stage Can I use this book to help my nonindustry partners understand game development Absolutely As I wrote this book I wrote it with a secondary audience of partners like business development legal and other groups who don t experience the industry in the same way There are tons of folks who would benefit from an overview of the industry and our considerations all in one place They ll get the most out of chapters like Chapter 2 The Living Business of Games and Chapter 10 The Money Game which lay out the basic business models at play today as well as Chapter 3 which will help folks understand why game development teams are so big and complex and Chapter 7 Engaging Players over Time and Chapter 8 Creating Immersive Worlds which really help explain how games are different from other forms of entertainment

Media Authorship Cynthia Chris, David A. Gerstner, 2013 Contemporary media authorship is frequently collaborative participatory non site specific or quite simply goes unrecognized In this volume media and film scholars explore the theoretical debates around authorship intention and identity within the rapidly transforming and globalized culture industry of new media Defining media broadly across a range of creative artifacts and production cultures from visual arts to videogames from textiles to television contributors consider authoring practices of artists designers do it yourselfers media professionals scholars and others Specifically they ask What constitutes media and authorship in a technologically converged globally conglomerated multiplatform environment for the production and distribution of content What can we learn from cinematic and literary models of authorship and critiques of those models with regard to authorship not only in television and recorded music but also interactive media such as videogames and the Internet How do we conceive of authorship through practices in which users generate content collaboratively or via appropriation What institutional prerogatives and legal debates around intellectual property rights fair use and copyright bear on concepts of authorship in new media By addressing these issues Media Authorship demonstrates that the concept of authorship as formulated in literary and film studies is reinvigorated contested remade even reauthored by new practices in the digital media environment
