Digital Transformation of the Economy: Challenges, Trends and New Opportunities Svetlana Ashmarina, Anabela Mesquita, Marek Vochozka, 2019-02-05 This book gathers the best contributions from the conference Digital Transformation of the Economy: Challenges, Trends and New Opportunities which took place in Samara, Russian Federation on May 29-31, 2018. Organized by Samara State University of Economics, Samara, Russia, the conference was devoted to issues of the digital economy. Presenting international research on the impact of digitalization on economic development, it includes topics such as the transformation of the institutional environment under the influence of informatization, the comparative analysis of the digitalization development in different countries, and modeling the dependence of the rate of change in the economy on the level of the digitalization penetration into various spheres of human activity. It also covers business process transformation in the context of digitalization and changes in the structure of employment and personnel training for the digital economy. Lastly, it addresses the issue of ensuring information security and dealing with information risks for both individual enterprises and national economies as a whole. The book appeals to both students and researchers whose interests include the development of the digital economy as well as to managers and professionals who integrate digital solutions into real-world business practice.
