*Artificial Intelligence Safety and Security* Roman V. Yampolskiy,2018-07-27 The history of robotics and artificial intelligence in many ways is also the history of humanity s attempts to control such technologies From the Golem of Prague to the military robots of modernity the debate continues as to what degree of independence such entities should have and how to make sure that they do not turn on us its inventors Numerous recent advancements in all aspects of research development and deployment of intelligent systems are well publicized but safety and security issues related to AI are rarely addressed This book is proposed to mitigate this fundamental problem It is comprised of chapters from leading AI Safety researchers addressing different aspects of the AI control problem as it relates to the development of safe and secure artificial intelligence The book is the first edited volume dedicated to addressing challenges of constructing safe and secure advanced machine intelligence The chapters vary in length and technical content from broad interest opinion essays to highly formalized algorithmic approaches to specific problems All chapters are self contained and could be read in any order or skipped without a loss of comprehension

Special Issue: African Youth Livelihoods Adam Cooper,Sindi-Leigh McBride,Boitumelo Matlala,Hayley Abrahams,2025-01-03 The Special Issue The purpose of this special issue is to bring together contributions exploring African youth livelihoods to expand understanding of how young Africans make a living Demographers estimate that by 2030 half of the world s youth will be African This burgeoning increase in human beings on the continent usually leads to debates on demographic dividends centred on how to cash in on human capital or the threats posed by large number of unemployed and poorly educated people on the African continent This special issue is therefore important for challenging conventional framing of young Africans in developmental discourses questioning for instance how young Africans are studied who studies them from what perspectives and why The Originality of the Special Issue Importantly the majority of the included authors are young Africans themselves advancing not only the theoretical methodological and empirical aspects of research on issues affecting young people in Africa but also expanding youth participation in academic publishing Thematically the contributions cover topics ranging from the digital divide on the continent to the role of gender in the entrepreneurial activities of young people from the motivations behind agricultural livelihoods to the impact of conflict on income generation and more In addition to this thematic range the issue highlights the critical importance of young African researchers contribution to identifying and responding to key research gaps in youth livelihoods research
