Towards an Elite Theory of Economic Development Tomas Casas-Klett,2025-11-17 This profoundly ambitious theoretical work centers on value understood as everything humans deem worth appropriating Every society is hierarchical and the top echelons are dominated by elites the quality of which in the business politics and knowledge arenas determines economic and human development All elites run elite business models that both create and extract value originate or transfer risk and use their power and agency to shape institutions This book argues that when inclusive value creation outweighs extractive value transfers the outcomes for society at large are positive Sustainable value creation happens when intra elite contests result in more innovation than rent seeking more free trade than protectionism and more competition than monopolies Leveraging diverse ideas from economics value sociology power political economy the distribution of value and management the value creation and appropriation framework the book advances a sweeping interdisciplinary framework that positions the meso level elite system at its core This extends the institutional perspective and acts as the transmission mechanism between the micro level firm and the macro level political economy A wealth of elite business model cases are considered throughout its pages ranging from Neolithic grain to AI and from Caesar to Trump to further an elite theory of economic development that transcends traditional Left Right debates is rooted in its own speculative philosophy and yet is highly practical with proposals for structural reform cost of equity calculations and an

approach to sustainability based on weighting and offsetting extractive transfers This economic treatise supplies the conceptual tools for a realistic account of how the world works today and in its discussion of elite judgment offers an ethical framework to guide elite transformational leadership It will be essential reading for researchers policymakers and business leaders around the world looking for fresh ideas on how to navigate and reappraise how we address current realities

Stars Will Guide You Home - A Second-Chance Love Story Powered by Fate, and an AI App Stuti

Changle,2025-05-27 Would you take a second chance at love if an app matches you up As teenagers Kiana and Nirvaan were inseparable until family expectations tore them apart A decade later despite having successful careers their hearts are empty Then AILENA a cutting edge AI dating app matches them with a near perfect compatibility without revealing their true identities As their virtual bond deepens past wounds resurface but love makes its way through their hearts until AILENA deems them incompatible and cuts their connection forever What will they do Trust the app or follow their hearts Can their love survive the test of time and reality Set in India and the US this is a story of love reimaged in the digital age In a world where we are constantly connected yet feel lonely Stars Will Guide You Home is a love story for everyone the ones who overthink the ones who let go too soon and the ones still hoping for a sign [The 8 Laws of Employee Experience](#) Jacob

Morgan,2026-02-03 Organizations around the world have lost their way It s time to get back to basics and focus on what really drives people and performance In chasing talent organizations have turned employee experience into an entitlement culture lavishing perks without accountability lowering standards in the name of empathy and confusing short term fixes with long term solutions The result Performance suffers leaders are scared to lead and culture drifts The 8 Laws of Employee Experience is a reset a new framework to build a future ready organization in an AI driven world Best selling author and professionally trained futurist Jacob Morgan shows that employee experience must return to its core a value exchange where employees contribute grow and lead and where organizations enable them to thrive Based on over 100 CHRO interviews at companies like Verizon Delta Hilton IBM and LVMH Morgan lays out eight unshakeable laws that form the new operating system for the future of work This book isn t just about where we are today it s about where employee experience is going over the next decade and how leaders can design the future instead of being dragged into it After reading this book you ll learn how to Separate signal from noise in an era of trend chasing with the STEEPLE methodology Discover the eight laws required to build a future ready organization and how to implement them Use futurist frameworks like the Cone of Possibilities to map out multiple employee experience scenarios Conduct a future ready audit to see where your company stands today and where it must go next Explore the five potential futures of employee experience and how to steer your organization towards the right one Challenge the myth that employee experience is about making people happy Combining insights from CHROs who are collectively leading millions of people around the world with a futurist framework The 8 Laws of Employee Experience How to Build a Future Ready Organization offers a blueprint to design organizations that don t just
