**Leveraging AI for Human-Centered Learning** Marlee S. Bunch, Brittany R. Collins, 2025-07-22 Leveraging AI for Human Centered Learning provides intentional approaches to the integration of artificial intelligence tools into middle and high school classrooms specifically to foster equity and social emotional wellbeing The overlap of AI with today s schools poses pivotal questions about ethics morality inclusion and human learning at a time when students are already reckoning with public health crises systemic injustice and other connected challenges This book helps teachers examine the pros and cons of artificial intelligence as used by both educators and students as well as its implications for meaningful culturally responsive teaching and social emotional learning efforts Featuring activities lesson plans and discussion and writing prompts for use with adolescent learners each chapter offers concrete pedagogical approaches and instructional innovations that align technological changes with learning objectives in ways that advance rather than replace or neutralize attention to equity and well being

**Robots That Love** Judith A. Markowitz, 2025-10-30 In a world of increasingly sophisticated AI the relationship between creator and creation has shifted Robot lovers coexist with humans and the boundaries of emotion and consciousness are blurred This book considers the fundamental challenge of imbuing robots with the capacity to experience love delving into the consequences of loving robots that can only feign reciprocation and philosophical questions about sentience and consciousness Other forms of artificial lovers are also discussed ranging from ChatGPT and Samantha from the 2013 film Her to a variety of sex dolls monsters golems and romanceable characters in dating simulation games Such entities encompass an array of sexual and gender identities as well as gender biases involved in creating the perfect artificial companion and developing AI systems These biases often perpetuated by deep learning algorithms underscore the need for critical reflection amid the evolution of AI
