*Comparative Research on Diversity in Virtual Learning: Eastern vs. Western Perspectives* Khlaif, Zuheir, Sanmugam, Mageswaran, Itmazi, Jamil, 2023-03-20 In today's modern world it is crucial to ensure diversity and inclusion are present in all forms of education. This can be particularly difficult to achieve in virtual learning environments as educators and students adjust to this new way of teaching and learning. Further study on how schools and institutions across the globe are promoting diversity in online environments is necessary to discover the best practices and ensure education as a whole remains inclusive. *Comparative Research on Diversity in Virtual Learning: Eastern vs. Western Perspectives* collects lived experiences of stakeholders from different countries regarding their experiences with teaching in diverse virtual learning environments. The book identifies characteristics of diversity in virtual online learning and explores the best practices of teaching and learning in said environments. Importantly, the reference covers experiences from both Eastern and Western countries and compares the challenges and opportunities afforded to both. Covering topics such as student engagement, computational thinking, and diverse environments, this reference work is ideal for teachers, administrators, policymakers, researchers, academicians, scholars, practitioners, instructors, and students.

*School Children and the Challenge of Managing AI Technologies* Emanuela Guarcello, Abele Longo, 2024-06-14 This edited volume recognises the need to cultivate a critical and acute understanding of AI technologies amongst primary and elementary school children, enabling them to meet the challenge of a human and ethically oriented management of AI technologies. Focusing on school settings from both the national and international level to form comparative case studies, chapters present a robust conceptual and foundational framework within a global context as the idea of AI and our relationship to it advances apace. The book uses research garnered from interviews and observational data, qualitative and quantitative research, and theoretical findings gathered from single schools or institutions across the world. Providing an innovative perspective in promoting the importance of a critical, creative, and ethical orientation based on aesthetic experiences, the book focuses on development in areas like visual arts, literature, environmental education, robotics, photography, and screen education, movement, and play. Ultimately, the book responds to an urgent and time-sensitive call to provide guidance on AI to primary education researchers and will be of interest to academics, scholars, and researchers in the fields of primary and elementary education, technology in education, children's rights education, and moral and values education more broadly.

**Higher Education ICT Integration in Africa** Ke Yu, Reuben Dlamini, 2024-08-21 This multidisciplinary edited volume examines higher education's ICT integration in Africa, contributing a new and inclusive change readiness framework to better understand how to manage ICT or other technological disruptions in resource-restrained contexts. Tackling ICT incorporation in HEIs from different levels, chapters document case studies from countries such as Uganda, South Africa, Rwanda, Eswatini, and Zimbabwe to demonstrate both the complexity of integration but also the successes it has enabled and under which conditions. The cases included in this book

also exhibit better incorporation of both change content and process while some cases also make explicit reference to other technology adoption models Ultimately the book highlights conceptual and empirical research to inform practices and policy development in Africa improving multi level success or change readiness in ICT incorporation in HEIs in Africa Addressing various gaps in existing literature and proposing innovative solutions like the multilevel change readiness model this book will therefore be of interest to scholars researchers and academics in the fields of higher education ICT integration and educational technology more broadly The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
