This book clarifies these practical differences so readers can plan with realistic expectations. The guide covers residency pathways, the role of housing in both leasing and buying, administrative routines, local procedures, daily life, and practical factors that influence timing and results. It includes clear, detailed explanations so readers can understand how each part of the system works. The analysis employs SHADi Associates' comparative method, comparing Greece with Spain, Portugal, Malta, and Hungary to highlight significant differences in how national systems function in practice.
