How to Love Yourself (and Sometimes Other People) Lodro Rinzler,Meggan Watterson,2015-09-15 How to Love Yourself and Sometimes Other People is a smart hip guide for spiritual seekers who want to experience more love and stability in all forms of relationships Told from the unique vantage points of authors Meggan Watterson and Lodro Rinzler this book explores staying anchored in the foundation of self love as you navigate the natural and often stormy cycle of a relationship Their dual perspectives as teachers and scholars of Christian mysticism and Buddhism make for a rich and fascinating dialogue that covers everything from sex self worth falling in and out of love deep friendships to breakups and how to maintain an open heart through it all At its core this book is about learning to love yourself no matter what Meggan and Lodro suggest that you are worthy of love both self love and the love of others They aren't experts on how to get that man or lady to fall in love with you nor are they experts on how to have the perfect relationship They are spiritual teachers who know that relationships have a life of their own and can speak to the human element of what it means to experience them fully In the process they share deeply personal revealing honest anecdotes and spiritual practices to assist you with the inevitable ebbs and flow of love in all its manifestations

Manuscript Found in Accra Paulo Coelho,2013-04-02 The latest novel from the 1 internationally best selling author of

The Alchemist There is nothing wrong with anxiety Although we cannot control God's time it is part of the human condition to want to receive the thing we are waiting for as quickly as possible Or to drive away whatever is causing our fear Anxiety was born in the very same moment as mankind And since we will never be able to master it we will have to learn to live with it just as we have learned to live with storms July 14 1099 Jerusalem awaits the invasion of the crusaders who have surrounded the city's gates There inside the ancient city's walls men and women of every age and every faith have gathered to hear the wise words of a mysterious man known only as the Copt He has summoned the townspeople to address their fears with truth Tomorrow harmony will become discord Joy will be replaced by grief Peace will give way to war None of us can know what tomorrow will hold because each day has its good and its bad moments So when you ask your questions forget about the troops outside and the fear inside Our task is not to leave a record of what happened on this date for those who will inherit the Earth history will take care of that Therefore we will speak about our daily lives about the difficulties we have had to face The people begin with questions about defeat struggle and the nature of their enemies they contemplate the will to change and the virtues of loyalty and solitude and they ultimately turn to questions of beauty love wisdom sex elegance and what the future holds What is success poses the Copt It is being able to go to bed each night with your soul at peace Now these many centuries later the wise man's answers are a record of the human values that have endured throughout time And in Paulo Coelho's hands The Manuscript Found in Accra reveals that who we are what we fear and what we hope for the future come from the knowledge and belief that can be found within us and not from the adversity that surrounds us This eBook edition includes a Reading Group Guide

The Leader's Bookshelf Martin Cohen, 2020-10-09 Which books inspired some of the world's most successful people and why Come on a journey of literary exploration and find out how books can impact your life It turns out that the life stories of many famous people start out with a particular book that inspired them when young Here Martin Cohen explores the lives of some remarkable people inventors scientists business gurus and political leaders and the books that have challenged inspired and influenced them And so exploring the ideas dreams and inspirations that this diverse group shared is at the heart of this book too Inspiration in particular is the thread that ties together individuals with characters and backgrounds as diverse as Jane Goodall and Barack Obama Malcolm X and Judge Clarence Thomas Oprah Winfrey and Malala Yousafzai Rachel Carson and Frans Lanting Often behind many tales of achievement lies much more than a collection of smart tactics There are beliefs and values that guide many a grand strategy too And the strategies are often very different which if you think about it shouldn't come as a surprise If there really were just one recipe for success well everyone would be using it already No the thing that unifies these disparate approaches is that they all provided for their owners a kind of conceptual grid onto which a wide range of day to day creative scientific or business practices are able to develop and grow For Sergey Brin and Larry Page the founders of Google for example the grid was Charles Darwin's notions of natural mutation and iteration With Henry Ford the man who pioneered the method of the

assembly line the grid was an obscure ethereal theory of life as a sequence of reincarnations And for both Oprah Winfrey and Steve Jobs the grid was existentialist ideas about the pursuit of authenticity In all these cases a grand indeed often philosophical theory meshed perfectly with a practical business strategy All of these remarkable people and the books that most inspired them are explored in this book

Unexplained Richard MacLean Smith, 2019-10-01 Chilling stories of unexplained events perfect for true crime fans In every corner of this earth there are secrets They are hidden in the dark edge of the woods nestled in the cold stars and staring out from a stranger's eyes And whether they be demonic possession or an unsolved murder the unknown has always haunted our dreams From the hit podcast Unexplained comes a volume perfectly crafted for the curious the cynical and the not easily frightened Richard Maclean Smith is the expert in the unknown and humbly offers up ten tales of real life events that continue to evade explanation With these chilling stories comes the missing key a connection to our own beliefs in science superstition and perception From cryptic accounts of spectral sightings to peculiar tales of time anomalies Smith delves into each case with meticulous research thoughtful insights and a respectful approach Unexplained encourages readers to question the boundaries of our understanding proving that reality can be more extraordinary than we ever imagined Embark on this gripping journey into the unknown with Unexplained
