## **Alexandra Grant Keanu Reeves Shadows:**

*Shadows* Keanu Reeves, 2016 What exactly is a shadow Is it light tracing an object or the shape a body throws when it comes between a light source and a surface Is it a metaphor for the intimate darker side of a person's nature as Carl Jung postulated and the unconscious side of one's self where daemons and secrets are kept hidden or repressed Is it an allegorical place between darkness and light death and living Or is it a state of illusion like Plato's cave Is it a verb that means to follow or accompany or even to spy on *Shadows* a new collaborative series by Alexandra Grant and Keanu Reeves explores the real and symbolic nature of the shadow as image and figure of speech Grant's photographs capture Reeves's shadow at times as a silhouette and at others as traces of light as he and the camera move together In transforming the images into color and reversing light for dark Grant has made the shadows themselves the source of light Reeves's texts written in tandem with the creation of the images give voice to the multiple manifestations of the shadow as a projected figure a place of concealed emotion and an invocation to shadow play
