Alfred Adler And Coaching Unique Opportunities And Challenges:

The Philosophy and Practice of Coaching Diane Brennan, Kim Gortz, 2008-04-30 The Philosophy and Practice of Coaching will help to advance the global conversation about the future of coaching The book is organized into three key sections Foundations for Coaching Applications of Coaching and Organizations and Coaching and the focus is on enabling the reader to astutely link theory and practice Developmental Coaching: Working with the Self, 2e Tatiana Bachkirova, 2022-03-04 Examining the self is at the heart of coaching and this book provides a comprehensive overview of knowledge on the Self from psychology philosophy and other disciplines Developmental Coaching outlines a theory of individual development with practical applications for coaches The Development of Self in Action DSA theory provides a credible explanation of the individual functioning desired changes and development that makes developmental coaching a rigorous theory based approach to practice Building on the influential first edition of this text Bachkirova enriches and refines the book with even further conceptual clarity and hands on advice These theoretical and practical approaches have been used and tested for over a decade not only in the actual delivery of developmental coaching but also in many teaching programmes numerous masterclasses and coaching supervision internationally This new edition also offers an additional section on professional development and coaching supervision for coaches in the area This book will be an invaluable resource for students on coaching programmes and coaching practitioners who are keen to understand more about developmental coaching and why it works This is the best book written so far about coaching in my humble opinion because it is so deeply considered so original and intelligent so relevant to practising coaches and so useful to those seeking practical wisdoms Dr Paul Lawrence Director Leading Systemically Honorary Research Associate Oxford Brookes University UK Tatiana masterfully interweaves a rich discussion of the scientific and philosophical foundations of her DSA model with practical tools and implications for coaches Angela Passarelli Ph D Associate Professor of Management College of Charleston USA Tatiana Bachkirova greatly enriches our understanding of both client and coach Mary Watts Emeritus Professor of Psychology City University of London UK Praise from the 1st Edition This book is a rare beast in the developmental area of coaching intelligent articulate and accessible Dr Bachkirova s work combines and extends many existing developmental approaches making previously opaque frameworks tangible and real Anthony Grant Director of the Coaching Psychology Unit University of Sydney Australia Tatiana Bachkirova is Professor of Coaching Psychology and Co Director of the International Centre for Coaching and Mentoring Studies at Oxford Brookes University UK She is a recognised international speaker and her many publications include over 70 research and conceptual papers as well as edited volumes Gospel Coach Scott Thomas, Tom Wood, 2012-05-08 In order to help pastors and other Christian leaders to lovingly lead God s flock to Jesus Christ and into God s mission Scott Thomas and Tom Wood clarify a process of coaching and shepherding that is rooted in the patterns of the Good Shepherd himself a process in which leaders stir up the gifts passion and calling upon others lives

This book addresses the needs of the leader his or her sinful tendencies and church leadership issues It directs the leader to the person and work of Jesus It provides a system to intentionally shepherd leaders to glorify God in their personal spiritual and missional lives Many ministry leaders serving in churches find themselves overwhelmed disillusioned and depressed by the enormous and challenging task of leading and ministering in a congregation As a result the ministry suffers the leaders suffer and the result is often an unhealthy church existent with little or no Gospel influence These leaders need someone to shepherd their soul so that they can lead others to the Chief Shepherd Jesus Christ We suggest that coaching for the church leader looks less like corporate consulting or humanistic psychology and more like biblical shepherding We suggest that every church leader needs a Gospel Coach to come alongside with words of truth wisdom and experience to encourage admonish comfort and help words drawn from Scripture and godly wisdom grounded in the gracious saving work of Jesus Christ and presented in the context of a trusting relationship Gospel Coaching is an intentional relationship to skillfully care for others with four ancient shepherding principles 1 Know the sheep 2 Feed the sheep 3 Lead the sheep and 4 Protect the sheep A Gospel Coach both inquires about the personal spiritual and missional aspects of a ministry leader s life in a loving yet focused manner and also probes the church leader for compulsive unbelief or selfish motivation or disobedience and sin and leads the ministry leader back to the Gospel through belief repentance and obedience Churches that desire to be rich in a Gospel application toward their city their relationships with one another their communication and worship as well as their service will benefit to a greater degree by having their leaders being coached by a Gospel centered leader
