All Gods Children Fox Butterfield:

All God's Children Fox Butterfield, 2008-01-08 A timely reissue of Fox Butterfield's masterpiece *All God's Children* a searing examination of the caustic cumulative effect of racism and violence over 5 generations of black Americans Willie Bosket is a brilliant violent man who began his criminal career at age five his slaying of two subway riders at fifteen led to the passage of the first law in the nation allowing teenagers to be tried as adults Butterfield traces the Bosket family back to their days as South Carolina slaves and documents how Willie is the culmination of generations of neglect cruelty discrimination and brutality directed at black Americans From the terrifying scourge of the Ku Klux Klan during Reconstruction to the brutal streets of 1970s New York this is an unforgettable examination of the painful roots of violence and racism in America

All God's Children Fox Butterfield, 2002 **America's Safest City** Simon I. Singer, 2014-10-10 Winner of the American Society of Criminology 2015 Michael J Hindelang Book Award for the Most Outstanding Contribution to Research in Criminology Since the mid 1990s the fast growing suburb of Amherst NY has been voted by numerous publications as one of the safest places to live in America Yet like many of America's seemingly idyllic suburbs Amherst is by no means without crime especially when it comes to adolescents In *America's Safest City* noted juvenile justice scholar Simon I Singer uses the types of delinquency seen in Amherst as a case study illuminating the roots of juvenile offending and deviance in modern society If we are to understand delinquency Singer argues we must understand it not just in impoverished areas but in affluent ones as well Drawing on ethnographic work interviews with troubled youth parents and service providers and extensive surveys of teenage residents in Amherst the book illustrates how a suburban environment is able to provide its youth with opportunities to avoid frequent delinquencies Singer compares the most delinquent teens he surveys with the least delinquent analyzing the circumstances that did or did not lead them to deviance and the ways in which they confront their personal difficulties societal discontents and serious troubles Adolescents' parents teachers coaches and officials he concludes are able in this suburban setting to recognize teens' need for ongoing sources of trust empathy and identity in a multitude of social settings allowing them to become what Singer terms relationally modern individuals better equipped to deal with the trials and tribulations of modern life A unique and comprehensive study *America's Safest City* is a major new addition to scholarship on juveniles and crime in America Crime Law and Social Change's special issue on *America's Safest City*

Trout Jeff Kernerth, 2012-04-15 On a cool Pensacola night in January 1991 just a few minutes before midnight three teenagers pulled up to the Trout Auto Parts store Patrick Bonifay his body coursing with adrenaline entered the store clad in a ski mask carrying a loaded gun intent on carrying out a poorly laid plan Little did he know that it was his life as well as the lives of his companions that was about to be forever changed Bonifay Clifford Barth and Eddie Fordham were hired to kill Daniel Wells by Robin Archer who blamed Wells for losing his job nine months prior The plan was orchestrated by the then twenty seven year old Archer who allegedly promised his seventeen year old nephew Patrick a

suitcase full of money after the job was done But Wells had called in sick that night and an innocent man was covering his shift In this shocking and thought provoking volume Jeff Kunerth recounts the events of that fateful night the swift investigation of the murder the trials and sentencing of the teens and their subsequent lives within the Florida court and penal systems Kunerth uses the story of the Trout Auto Parts murder and the lives of these boys to explore varying aspects of troubled adolescence impulsive actions lasting but moments and the national trend of trying juveniles as adults in court They were boys every teenager can identify with and circumstances every parent fears Their story provides a disturbing sad and compelling inside look at the dynamics of individuals not yet adults but no longer children who commit senseless impulsive crimes Trout is that rare book that continues to haunt you long after you ve finished reading it *Courting Kids* Carla J. Barrett,2013 Despite being labeled as adults the approximately 200 000 youth under the age of 18 who are now prosecuted as adults each year in criminal court are still adolescents and the contradiction of their legal labeling creates numerous problems and challenges In *Courting Kids* Carla J Barrett takes us behind the scenes of a unique judicial experiment called the Manhattan Youth Part a specialized criminal court set aside for youth prosecuted as adults in New York City Focusing on the lives of those coming through and working in the courtroom Barrett s study reflects the costs challenges and consequences the tough on crime age has had especially for young men of color Through observation interviews and the construction of court narratives that trace several kids through the progression of their cases Barrett shows how members of the court worked to develop a humanizing model of justice cognizant of the often difficult realities of adolescent lives Skillfully engaging with some of the most critical issues facing our justice system today from routine judicial practices to the appropriate legal responses to serious adolescent transgression *Courting Kids* is a compelling study of the law in action
