Advising on Research Methods Hermanus Johannes Adèr, 2008 **Advising on research methods 2014** Herman Adèr, Gideon Mellenbergh, 2015 *Research Paradigm Considerations for Emerging Scholars* Anja Pabel, Josephine Pryce, Allison Anderson, 2021-05-12 This book provides insights into the lived experiences of researchers as they negotiate the undulating terrain of the world of paradigms and seek to find their niche Each chapter presents the journeys of postgraduate candidates early career researchers and established scholars starting with an overview of their paradigm the application of the paradigm to their specific research context and concluding with the authors reflecting on their identification with and use of the paradigm The volume acknowledges that determining the paradigm that best aligns with a scholar's personal ideologies and the underlying assumptions of the research can be rather daunting challenging and perplexing to scholars who are starting their research journey It offers an accessible exploration of research paradigms and will be a valuable resource for postgraduate researchers emerging scholars and PhD supervisors Advising on research methods. Herman J. Adèr & Gideon Jan Mellenbergh (Eds.), 2008 Dit boek is uitverkocht Dissertation and Scholarly Research: Recipes for Success: 2018 Edition Jim Goes, Marilyn K. Simon, 2017-09-20 A Dissertation Guide for Professional Learners Doctoral education has changed dramatically over the last three decades Traditionally pursuit of a doctoral or research credential involved intense study at a large traditional research university and was reserved for those seeking careers in academia or research The process of completing doctoral level work at traditional universities usually required a commitment to full time study varied tremendously between institutions and was often somewhat mysterious Today all this has changed The emergence and growth of online education has led to a proliferation of doctoral learning possibilities for busy professionals Individuals in the industry nonprofit and education sectors are pursuing doctoral study as a means to advance their careers increase their market value in the workplace and establish their professional stature If this sounds like you then you have come to the right place Recipes for Success is the book that will launch you on a successful quest for the doctoral degree Dissertations are very personal endeavors and accomplishments originating with problems and issues that are meaningful and important to the doctoral learner These professionals are deeply grounded in their understanding of the issues and needs of their profession Recipes build on this this understanding helping learners to discover and frame issues they are passionate about and construct a credible and influential research study around this passion While most dissertation guides focus largely or exclusively on the mechanics of writing and organization Recipes approaches dissertation development as an iterative process of thinking and self reflection that leads learners to discover what matters most to them and to their professions and enables them to frame this meaning into a research problem and purpose and to organize and execute a study design to fit and thus solve the problem and achieve the purpose From the very beginning of your doctoral journey to the ultimate achievement of degree completion this book is your guide to the process and content of dissertation

and research creation In Recipes for Success we articulate a process by which you can build the pieces of a successful and influential dissertation Using a workbook approach rich in tools templates frameworks examples web integration and hard won lessons from experience Recipes provides a friendly easy to navigate process crafting issues and ideas into research and results Based on our 40 years of collective experience in the online educational setting mentoring over 300 professional learners to success in completing their doctorates including numerous award winners we identify the most important factors for success and the traps to avoid Whether you are considering doctoral study are already in a doctoral program or are working to develop and complete your dissertation you will find Recipes for Success a key ingredient in your success as a doctoral learner Our graduates tell us that Recipes is THE book that made a difference in their doctoral career and success YOU can do it too Good luck on your doctoral journey
