Lamarque, 2008-08-11 By exploring central issues in the philosophy of literature illustrated by a wide range of novels poems and plays *Philosophy of Literature* gets to the heart of why literature matters to us and sheds new light on the nature and interpretation of literary works Provides a comprehensive study along with original insights into the philosophy of literature Develops a unique point of view from one of the field's leading exponents Offers examples of key issues using excerpts from well known novels poems and plays from different historical periods *A Critical Rationalist Aesthetics* Joseph Agassi, Ian Charles Jarvie, 2008 This book is a first attempt to cover the whole area of aesthetics from the point of view of critical rationalism It takes up and expands upon the more narrowly focused work of E H Gombrich Sheldon Richmond and Raphael Sassower and Louis Ciccotello The authors integrate the arts into the scientific world view and acknowledge that there is an aesthetic aspect to anything whatsoever They pay close attention to the social situatedness of the arts Their aesthetics treats art as emerging from craft in the form of luxurious and playful challenge to the audience In developing it they place emphasis on the number of questions and claims that can be settled by appeal to empirical facts on the historical character of aesthetic judgements and on the connection of aesthetic truth to true love and true friendship i e fidelity and integrity not to informative truth *The Opacity of Narrative* Peter Lamarque, 2014-03-25 What is narrative What is distinctive about the great literary narratives In virtue of what is a narrative fictional or non fictional In this important new book Peter Lamarque one of the leading philosophers of literature at work today explores these and related questions to bring new clarity and insight to debates about narrative in philosophy critical theory and narratology He highlights opacity as a feature of literary

narratives and examines the implications for our understanding of fictional worlds and fictional characters Throughout he challenges received views about narrative questioning the indispensability of narrative in an individual's self conception and the importance of both truth and emotion as measures of literary greatness He reflects on the non fiction novel arguing that it does not weaken the distinction between fiction and no fiction The book offers a compelling and original account of these and other issues making a critical contribution to topical and wide ranging debates
