Win-Win Corporations Shashank Shah, 2016-12-07

Why did Ratan Tata decide to pay for all the victims of 26/11, whether injured in the Taj or anywhere else? Why did HDFC's Aditya Puri insist that employees leave for home by 5:30 p.m.? How did HUL develop a cheaper, better product to beat its competitor, Nirma? What do Taj Hotels, HDFC, HUL, L.T., and BPCL have in common? They are the win-win corporations. Based on over a decade of research, Shashank Shah takes these truly outstanding Indian companies and studies how they do business. Each of these companies has exceptional practices when it comes to stakeholder management. Whether the stakeholder is an employee, customer, investor, vendor, or even society at large, these companies reveal how looking at everyone else's interests

doesn't really mean compromising on your own. Often the two complement each other and that is what makes a win-win solution for everyone. This book gives an inside look into what motivates exceptional companies and how they are a cut above the rest. Full of fascinating anecdotes, leadership philosophy and background stories of organizations, Win Win Corporations is an inspiring read into what makes companies great.

Sustaining Musical Instruments / Food and Instrumental Music Gisa Jähnichen, 2021-11-21. This 7th volume of SIMP is dedicated to two large themes that were discussed in the last Study Group Symposium held online and arranged by the Music Faculty of the University of the Visual and Performing Arts, Colombo, Sri Lanka, in March 2021: Re-invention and Sustainability of Musical Instruments and Instrumental Music and Food. Thirteen contributions were compiled in this volume relating to the first theme while seven contributions were chosen to represent the second. The first part of the contributions illustrates that musical instruments have a long and regionally intertwined history. Often it is hard to say who invented a specific type first as well as to answer if musical instruments were used symbolically or supported in any way supported regional cultural aspects or what feature of musical instruments had the strongest impact on local developments. The last seven contributions deal with various phenomena such as banquet music, ritual music and food offerings, instrumental, ambience music and festivals.
