Escape Freelancing And Build Real Equity: Stop Trading Time, Start Owning Assets Simon Schroth, 2025-04-23
Freelancing can be an excellent way to earn income but it doesn't build long term wealth or equity. *Escape Freelancing and Build Real Equity* teaches you how to transition from a time for money model to building a business that generates wealth and owns valuable assets. This book covers how to develop a productized service or digital product, invest in assets like intellectual property, and create a brand that increases in value over time. You'll learn how to build systems that automate your business operations, leverage recurring revenue models, and hire a team to scale your business. The book also provides strategies to create a lasting legacy that generates passive income even when you're not actively working. If you want to escape the endless cycle of freelancing and build real wealth, *Escape Freelancing and Build Real Equity* gives you the tools to create long term scalable assets.

Virtual Teams For Dummies Tara Powers, 2018-07-31
Set your virtual team on a path to success. In the global marketplace, people can work practically anywhere and anytime. Virtual teams cut across the boundaries of time, space, culture, and sometimes even organizations. Rising costs, global locations, and advances in technology are top reasons why virtual teams have increased by 800 percent over the past 5 years. Packed with solid advice, interviews, and case studies from well-known companies who are already using virtual teams in their business model, and their lessons learned, *Virtual Teams For Dummies* provides rock-solid guidance on the essentials for building, leading, and sustaining a highly productive virtual workforce. It helps executives understand key support strategies that lead virtual teams to success and provides practical information and tools to help leaders and their teams bridge the communication gaps created by geographical separation and achieve peak performance. Includes research findings based on a year-long study on the effectiveness of virtual teams. Mindset and skill shift for managers from old school traditional team management to virtual team management. Covers the communication and relationship strategies for virtual teams. Examines how the frequency of in-person meetings affects a remote team's success. Written by an award-winning leadership expert, this book is your one-stop resource on creating and sustaining a successful virtual team.

If You Could Live Anywhere Melody Warnick, 2022-07-26
Even when your job can be done from anywhere, the place you call home still matters a lot. By the old rules of work, your dream career determines where you live. If you want to make movies, move to Los Angeles. If you want to work in publishing, you must be in New York. And if you're launching a start-up, you'll only succeed in Silicon Valley. But with the meteoric rise of remote and freelance work, more people than ever are becoming location independent. Even doctors, teachers, and other people in more traditional occupations have to make tough choices about where they settle, because living in the right place can still make all the difference for your success and happiness. So if work won't dictate where you live, how will you ever decide? *If You Could Live Anywhere* answers that question. Melody Warnick unpacks the big picture concerns that we often miss when we're writing pros and cons lists about potential destinations. Because the secret to being happy isn't moving, it's

aligning your location with your values You ll learn how to craft a personal location strategy that will make the most of your money your community and your life with success stories from people who flexed their location independence to find homes and work they love The future of work is clear it can happen wherever you are So where do you really want to be
