Higher Ed: Tough Times in a World Divided Phillip L Beukema, 2025-04-02 It s no secret that the world of higher education in the U S is in trouble It faces image problems some of the worst financial pressures ever political turmoil in at least half the states in our country and much more Not all these challenges are of academia s own making but many are Too many silos deep roots in tradition and confused institutional missions all contribute to the state of affairs Chapter by chapter the author lays bare what he regards as the most consequential matters confronting our higher education enterprise today These include everything from enrollment volatility and decline to the impact of a culture war on the DEI movement dim prospects for improved operational funding growing partisanship of university trustees and system boards the impacts of

heavy reliance on contingent faculty increasingly unattractive and non competitive faculty salaries and institutional missions that have strayed or enlarged with unintended consequences As exhausting as this short list is it covers only part of the territory Colleges and universities of all stripes are affected from community and technical colleges to four year and graduate colleges and universities both private and public While there is no silver bullet at the ready the author outlines a rough blueprint for the kinds of initiatives and strategies needed to tackle the most consequential challenges we face today For many a school survival is truly at stake but achieving a turnaround is possible only if their leaders have the vision and courage to guide their institutions in the direction of life changing innovation and renewal **Making Writing Meaningful**

Michele Eodice, Anne Ellen Geller, Neal Lerner, 2025-04-22 It seems obvious students will have more meaningful writing experiences if we offer more opportunities for their writing to be meaningful for them But what does that mean What makes writing meaningful for students What really makes students want to write The authors of this practical little book asked precisely that and the answers they gathered from students across disciplines majors and institutions over several years inform their advice in *Making Writing Meaningful A Guide for Higher Education* The critical lessons that Michele Eodice Anne Ellen Geller and Neal Lerner took from their survey research as well as from their own classrooms and workshops are these Students want their writing to be consequential to build on connections with their lives their world and their futures and to foster an inclusive learning experience The authors delved further into these findings by asking what role identities whether racial ethnic or cultural played in students approach to writing and by exploring what students found meaningful in writing during experiences such as disruption dislocation and loss personal economic and health challenges and political racial and societal conflict The resulting guide pairs a wealth of new data with pedagogical strategies and reflective exercises to help instructors of all kinds connect more effectively with their students and to help students connect their lives and their writing in meaningful and productive ways Meaningful writing makes for a richer more successful learning experience and this book invites students and teachers alike to take advantage of the guidance offered here to foster connections that will serve students and the world well beyond academia From Street-smart to Web-wise® Al Marcella, Brian Moore, Madeline Parisi, 2025-03-13
