Revolution, Updated and Expanded Edition John C. Lennox, 2024-11-26 Will technology change what it means to be human You don t have to be a computer scientist to have discerning conversations about artificial intelligence and technology We all wonder where we re headed Even now technological innovations and machine learning have a daily impact on our lives and many of us see good reasons to dread the future Are we doomed to the surveillance society imagined in George Orwell s 1984 Mathematician and philosopher John Lennox believes that there are credible responses to the daunting questions that AI poses and he shows that Christianity has some very serious sensible evidence based things to say about the nature of our quest for superintelligence This newly updated and expanded edition of 2084 will introduce you to a kaleidoscope of ideas Key recent developments in technological enhancement bioengineering and in particular artificial intelligence Consideration of the nature of AI systems with insights from neuroscience The way AI is changing how we communicate implications for medicine manufacturing and the military its use in advertising and automobiles and education and the future of work How data is used today for surveillance thought control The rise of virtual reality and the metaverse The transhumanist agenda and longtermism The agreements and disagreements that scientists and experts have about the future of AI The urgent need for regulation and control in light of the development of large language transformers like CHATGPT Key insights from Scripture about the nature of human beings the soul our moral sense our future and what separates us from machines In straight forward accessible language you will get a better understanding of the current capacity of AI its potential benefits and dangers the facts and the fiction as well as possible future implications Since the questions posed by AI daunting as they might be affect most of us they demand answers 2084 and the AI Revolution Updated and Expanded Edition has been written to challenge and ignite the curiosity of all readers Whatever your worldview Lennox provides clear information and credible answers that will bring you real hope for the future of humanity *The Hype Machine* Sinan Aral, 2021-09-14 A landmark insider s tour of how social media affects our decision making and shapes our

world in ways both useful and dangerous with critical insights into the social media trends of the 2020 election and beyond The book might be described as prophetic At least two of Aral s three predictions have come to fruition New York NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD Social media connected the world and gave rise to fake news and increasing polarization It is paramount MIT professor Sinan Aral says that we recognize the outsize effect social media has on us on our politics our economy and even our personal health in order to steer today s social technology toward its great promise while avoiding the ways it can pull us apart Drawing on decades of his own research and business experience Aral goes under the hood of the most powerful social networks to tackle the critical question of just how much social media actually shapes our choices for better or worse He shows how the tech behind social media offers the same set of behavior influencing levers to everyone who hopes to change the way we think and act from Russian hackers to brand marketers which is why its consequences affect everything from elections to business dating to health Along the way he covers a wide array of topics including how network effects fuel Twitter s and Facebook s massive growth the neuroscience of how social media affects our brains the real consequences of fake news the power of social ratings and the impact of social media on our kids In mapping out strategies for being more thoughtful consumers of social media The Hype Machine offers the definitive guide to understanding and harnessing for good the technology that has redefined our world overnight
