Female Solo-Entrepreneurs Theresa Stossier, 2023-01-10 Austria s economy is characterized through small and medium sized enterprises Solo entrepreneurs are considered a special form within SMEs and contribute a major share to Austrian s economy besides being Austria s most popular legal form of organization within the micro firms In 2020 every second of Carinthia s start up businesses was established by a female entrepreneur According to an entrepreneurship study presented by Volksbank in 2019 nearly half of all female entrepreneurs lived with children and juveniles Two thirds of women said they were solely responsible for family childcare and household and 71 percent of those female entrepreneurs specified that those circumstances caused difficulties for them This book investigated Carinthian female solo entrepreneurs and aims to find out how these hard working women manage their business and private life while contributing to such great extent to the federal state s economy The conceptual foundations were found in embeddedness and the contextual framework which supports the importance of numerous influences on different levels placed on the entrepreneur The empirical section represents a primary research that evaluates self collected data sets of Carinthian solo entrepreneurs

The 10-Second Commute Terri R. Kurtzberg, Mason Ameri, 2022-10-18 Virtual work which was steadily on the rise even before the pandemic is explored in this timely book that describes the impact of technology on our work experiences ranging from the individual psychological level to the broad societal implications Widespread remote work is now possible but it comes with its share of frustrations Virtual work has changed our lives in ways big and small from trying to balance our time to what we wear and where we sit and from how we communicate to where we should look during a

videoconference It s also fundamentally changed what kinds of jobs we can now do Grounded in research and including lively personal anecdotes The 10 Second Commute provides a thoughtful and comprehensive scan of the nature of virtual work The authors both researchers in management and technology explore the current questions of our virtual lives such as Why Zoom instead of Skype Why are emojis so useful Why is videoconferencing so exhausting How does diversity at work both help and hinder productivity Virtual work is more than just work it permeates our whole lives and it will continue to do so as hybrid work arrangements become the new normal Helping readers better understand the virtual work experience this book will engage and inform everyone who is still trying to make it work

Work Less Jon Peirce,2024-01-02 You can t have a

healthy economy with an unhealthy work force Work Less proposes ways to reduce work hours and keep workers happier healthier and more productive Recent years have revealed just how stressed out many workers are While the trend to longer hours has been developing for several decades the trend s effects have been aggravated during the pandemic by the growing use of Zoom and other new technologies for meetings with clients customers and co workers Exhausted and fed up today s workers are starting to insist on shorter hours and greater flexibility as to where they do their work There is growing consensus that the forty hour week the norm since the 1940s has outlived its usefulness And there is an urgent need for new work schedules that adequately reflect the far greater intensity of work today as well as the greater family demands on a labour force made up of almost fifty percent women who bear the brunt of domestic duties Work Less offers practical scheduling suggestions to employers and workers and numerous policy options for government policy makers to improve working conditions

Be the Woman of Impact Garima Mishra,2022-04-25 In the late 1990s and early 2000s women s employment representation reached a peak in the economy This hasn t grown since then We lack women in all layers of the workforce in equal numbers as men Fortune 500 businesses have 40 women CEOs but that represents only 8 percent of all CEOs If things continue as they are it will take 108 years to achieve the needed level of diversity Data and research have shown that companies benefit from diversity and inclusion in the marketplace Being inclusive and encouraging a diverse workplace are becoming more important Business leaders that value diversity is now more prevalent than ever before with a 32% increase since 2014 Most companies want a diversified staff by 2030 when that percentage is predicted to reach over 40% Women with talent in the workforce have a wide variety of opportunities and a bright future To assist women to overcome obstacles and create objectives the book covers essential business process concepts Throughout the book you ll learn how to use numerous approaches to detect various variables in branding personal growth and forming alliances as well as how to use leveraging and public speaking effectively This book is designed with information you ll need to succeed as an impactful influence
