Irresistible Lena Steinhowser, 2025-08-18 Irresistible They were warned to stay away from each other They promised they never would But some desires are simply irresistible Chloe grew up in a family on the verge of losing everything Sweet innocent and dreaming of her very first kiss the last thing she expected was to fall for the one man she was forbidden to love Douglas is a reckless young millionaire wild untouchable and born into a family her parents warned her about He s also dangerously charming the kind of man who can give her the world or destroy it Their secret romance burns hotter than either of them imagined until one devastating truth rips them apart Douglas walks away leaving Chloe with a lifelong consequence she must face alone Years later Douglas has it all fame as the lead singer of America s biggest boy band power as the CEO of a luxury resort empire and the confidence of a man who always gets what he wants What he doesn t expect is to find Chloe again working as a maid in his newest hotel The spark between them is undeniable the chemistry explosive But old family secrets dangerous lies and one shocking revelation about their past could change everything Now Douglas must decide will he risk everything for the only woman he s ever loved and the daughter he never knew existed **Adolescent**

**Use of New Media and Internet Technologies** Gordon P. D. Ingram, 2023-03-31 This book engages with contemporary and often polarizing debates surrounding the risks of adolescent use of digital media and internet technologies By drawing on multiple research studies the text synthesizes current understandings of the impacts of social network use online gaming pornography and phenomena including cyberbullying cyberstalking and internet addiction to develop recommendations for

the effective identification of at risk youth as well as strategies for informed communication about online risks and opportunities It shows how media discussion of risks to children and teenagers from new technology is highly emotive and often exaggerated rooted in the moral panic surrounding new cultural practices that young people engage in but which adults do not understand Online risks are thus conceptualized as centering on three areas specific to adolescence which have undergone radical changes due to new internet technology These include young people s identity the types of content that are accessed and social relationships The author shows how these matters stem from the potential of new technology to establish new interpersonal connections emphasizing how it brings opportunities as much as risks As such he provides a uniquely balanced discussion of potential dangers while also emphasizing the opportunities for social academic and personal growth which new technologies afford young people It will be indispensable for researchers and clinicians interested in assessing levels of online risk as well as scholars and educators with interests in cyberpsychology social psychology cyber culture social aspects of computing and media and adolescent development
