Christopher offers a refreshing point of view as a seasoned practitioner and leader in the earliest days of the social media evolution. He describes the challenges of large scale internal change and the rewards of integrating social media business planning and he shares real world examples of successful campaigns. Shauna Causey, Head of Social Media at Nordstrom, about the book. In today's fast paced professional climate, large companies are learning that launching a website and taking a wait and see approach to engaging customers is not enough. Competition is fierce and those who master the social media space are the ones who come out on top. There is greater urgency than ever before to establish a vibrant social media program and it all starts with a key strategist who can best organize and leverage all of the organization's resources to cut through the bureaucracy and get real time results. This is where *The Social Media Strategist* comes in. Before tackling specific social media programs, you first have to get your own organization and everyone in it on board with making social media a business strategy priority. Christopher Barger, the award winning former social media director at General Motors and IBM's former blogger in chief, describes all the challenges particular to getting a comprehensive social media program off the ground in a large firm. *The Social Media Strategist* teaches you how to manage internal office politics from your legal team to the policy makers to the human resource department. Present new ideas to lawyers and executives in a compelling, convincing way. Teach your employees the guidelines and protocols they'll need to represent your company. Turn your organization into a true media outlet publishing content that is generated by in-house employees and is truly engaging to an outside audience. Telling a company from the outside what it should do is one thing, writes Barger. Actually making it happen from the inside is quite another. Here he takes the bold step of starting where all successful endeavors begin by planning well by putting all the moving parts in the right place by constructing a solid foundation. Consult *The Social Media Strategist* and build the best suited social media infrastructure for your company. Then and only then can you begin to raise your profile, connect with customers and increase your profits using the most powerful new business tool.
