didn't handle so well was the uncertainty. How was I going to support myself? What was I going to do with myself? Every day I faced the daunting task of finding a new job, no easy feat during the great financial crash of 2008-2009 and the biggest economic downturn in my life. I'd heard of the possibilities of blogging. There were a few bloggers doing what I could only dream of doing. Making a living just for doing something they loved. I gave it some consideration and contacted some of them. Many were kind enough to answer my emails and some gave me some solid advice on getting started with my very own blog. This book contains proven steps and strategies for how to achieve a competitive edge and build your authority. I will reveal to you how you can use various components and resources and infuse them in your content marketing strategy. Once you apply them, you will attract more customers and they will become your loyal supporters. Content Marketing involves knowing the dynamic relationship between your existing and potential customers' needs and the functionality of your product or service. You must understand how your consumers view the world, how society, family, and their peers can influence their behavior, and how they realize their needs and desires. When members of your audience are motivated to fulfill their needs, they will purchase your product or service. However, you have to first engage them. You will learn innovative and inspiring ways to capture anyone's attention. After implementing these strategies, you will connect better with your targeted audience, positively influence your audience's way of thinking, and obtain greater results. Marketing is impossible without great content. Regardless of what type of marketing tactics you use, content marketing should be part of your process, not something separate.
