Never Enough Time Brian H. Spitzberg,2025-10-24 *Never Enough Time* discusses the directional and irreversible nature
 of time its relationship to information and entropy the deep time history of communication from the genesis of language to
 today and the extent to which we occupy time through our communication Drawing together studies from a wide variety of
 disciplines and topics that provide quantitative estimates of how much daily time is expended communicating and relating to
 others the author demonstrates that in an increasingly accelerating mediated and information overloaded ecosystem we
 spend most of our time both socially and occupationally engaged in various forms of communication He examines the nature
 of time in the context of our increasingly overloaded and mediated information and communication ecosystem the extent to
 which our increasing screen time displaces face to face interaction and the implications this trend has for our quality and
 quantity of life particularly for younger populations In addition a case is made for the importance of developing standardized
 measures of time made all the more feasible with digital technologies already available for quantifying behavior at population
