More Than Words John Warner,2025-02-04 A veteran writing teacher makes a moving Rick Wormeli argument that writing is a form of thinking and feeling and shows why it can t be replaced by AI In the age of artificial intelligence drafting an essay is as simple as typing a prompt and pressing enter What does this mean for the art of writing According to longtime writing teacher John Warner not very much More Than Words argues that generative AI programs like ChatGPT not only can kill the student essay but should since these assignments don t challenge students to do the real work of writing To Warner

writing is thinking discovering your ideas while trying to capture them on a page and feeling grappling with what it fundamentally means to be human The fact that we ask students to complete so many assignments that a machine could do is a sign that something has gone very wrong with writing instruction More Than Words calls for us to use AI as an opportunity to reckon with how we work with words and how all of us should rethink our relationship with writing

Mastering Nonfiction Writing with ChatGPT Maximus Wilson, 2023-03-19 Writers are increasingly using ChatGPT an advanced natural language processing model developed by OpenAI to help with various aspects of their writing process ChatGPT uses machine learning to generate human like responses to text prompts making it a valuable tool for generating ideas overcoming writer's block and even providing inspiration for full length works In this chapter we will explore some of the ways in which writers are using ChatGPT and the benefits and limitations of this technology One of the most popular uses of ChatGPT for writers is to generate ideas By providing a text prompt such as a sentence or a few words ChatGPT can generate a list of potential ideas or prompts for further exploration This can be especially useful for writers who are stuck or experiencing writer's block and need a new angle or direction to pursue ChatGPT can also be used to develop characters by generating personality traits backgrounds and motivations By providing a basic description of a character ChatGPT can generate a list of potential traits and characteristics that can be further developed and explored This can be especially useful for writers who are struggling to develop complex multi dimensional characters Another way that writers are using ChatGPT is to explore different plot points or scenarios
