**Virtual Teams Across National Borders** Marin A. Marinov, 2023-11-03 Virtual teams can be traced back to the 1990s with the debauched development of communication technologies as well as the fast extension of the internet. Virtual teams possess unique features allowing them to combine cultural multiplicity, specific tasks, physical remoteness of team members, continuous distant communication, critical interdependence of tasks, leadership, cohesion, empowerment, confidence, virtuality, special trust creation and trust building. For a successful functioning of present day organisations they need to employ geographically dispersed labour force. Creating virtual teams functioning across national borders, organisations secure the most competent talent available world wide. Employing the best available know how, virtual teams apply the knowledge of experts from various cultures having diverse capabilities as well as varied perceptions on dealing with multiple organisational challenges from strategic perspectives. Compositions of virtual teams operating across national borders alter depending on types of industry, organisation and organisational unit. International virtual teams functioning across national borders perform from practically everywhere all over the world if there is a secure and constant internet connection. This book is dedicated to offering a comprehensive outlook and analysis of the theoretical and practical aspects related to the creation of virtual teams across national borders as well as the specifics of their implementation. The research published as chapters in the book allow the detection of the key aspects and trends concerning the creation and performance of virtual teams across national borders. The book presents topics not being investigated in depth so far or not researched at all. The purpose of the book is to fill in certain gaps in the existing research and subsequent publications referring to a broad variety of issues concerning theoretical and empirical fundamentals of the creation of virtual teams and their functioning across national borders, the role of virtual intelligence in relation to distance interpretation in international virtual teams, geography of virtual teams in relation to digital nomads, communication in virtual teams, creation of communal identity via implementation of virtual teams, tax implications for virtual work among numerous other issues.

*If You Could Live Anywhere* Melody Warnick, 2022-07-26 Even when your job can be done from anywhere the place you call home still matters a lot By the old rules of work your dream career determines where you live If you want to make movies move to Los Angeles If you want to work in publishing you must be in New York And if you're launching a start up you'll only succeed in Silicon Valley But with the meteoric rise of remote and freelance work more people than ever are becoming location independent Even doctors teachers and other people in more traditional occupations have to make tough choices about where they settle because living in the right place can still make all the difference for your success and happiness So if work won't dictate where you live how will you ever decide If You Could Live Anywhere answers that question Melody Warnick unpacks the big picture concerns that we often miss when we're writing pros and cons lists about potential destinations Because the secret to being happy isn't moving it's aligning your location with your values You'll learn how to craft a personal location strategy that will make the most of your money your community and your life with success stories from people who flexed their location independence to find homes and work they love The future of work is clear it can happen wherever you are So where do you really want to be

Kingdom Of Ten Thousand Things Gary Geddes, 2012-08-14 For thirty years Gary Geddes has lived with his shadow self an obscure 5th century Buddhist monk named Huishen whose legend shanghaied his vivid imagination Huishen originally from Kabul Afghanistan reportedly sailed from China to Vancouver Island continuing southward to Mexico In a journey to recreate the travels of Huishen Geddes finds himself not only struggling to cross the ancient barriers of the Himalayas the Taklamakan Desert the Pacific Ocean and the jungles of Central America but also gingerly picking his way through Taliban landmines and Chinese and Zapatista politics From Afghan refugees to Tibetan monks and the ghost of Quetzalcoatl in Mexico Geddes encounters a host of quirky characters and fast friends none so compelling and insistent as the voice of Huishen who speaks to him mysteriously across the centuries But not even Huishen could imagine the events of 9/11 which transform Geddes' journey beyond a quest for an elusive monk into an exploration of the ways in which we learn to interpret history Sacred profane and richly comic Kingdom of Ten Thousand Things a Chinese term for life itself is a remarkable personal odyssey a cornucopia of adventure philosophy and hearsay a book that will disarm and delight while provoking debate just who got
