The Sustainable Digital City Avi Friedman, 2023-04-05 This book explores the rise of technology centered urban planning and the diffusion of these practices around the world Seven axes of urban planning have been selected to highlight how data and technology currently work and how these systems can be improved going forward Each aspect is explored in its own chapter that combines narrative description illustrations and case studies to show how technology currently shapes our cities and how this may impact the urban environments Topics include infrastructure mobility energy use and distribution work public

health and knowledge transfer among others The book also demonstrates how these aspects are tied to and affect the four pillars of sustainability environment society economy and culture *Understanding the Working College Student* Laura W. Perna,2023-07-14 How appropriate for today and for the future are the policies and practices of higher education that largely assume a norm of traditional age students with minimal on campus or no work commitments Despite the fact that work is a fundamental part of life for nearly half of all undergraduate students with a substantial number of traditional dependent undergraduates in employment and working independent undergraduates averaging 34 5 hours per week little attention has been given to how working influences the integration and engagement experiences of students who work especially those who work full time or how the benefits and costs of working differ between traditional age students and adult students The high and increasing prevalence and intensity of working among both dependent and independent students raises a number of important questions for public policymakers college administrators faculty academic advisors student services and financial aid staff and institutional and educational researchers including Why do so many college students work so many hours What are the characteristics of undergraduates who work What are the implications of working for students educational experiences and outcomes And how can public and institutional policymakers promote the educational success of undergraduate students who work This book offers the most complete and comprehensive conceptualization of the working college student available It provides a multi faceted picture of the characteristics experiences and challenges of working college students and a more complete understanding of the heterogeneity underlying the label undergraduates who work and the implications of working for undergraduate students educational experiences and outcomes The volume stresses the importance of recognizing the value and contribution of adult learners to higher education and takes issue with the appropriateness of the term non traditional itself both because of the prevalence of this group and because it allows higher education institutions to avoid considering changes that will meet the needs of this population including changes in course offerings course scheduling financial aid and pedagogy *Organisational Behaviour* Jack Maxwell Wood,Retha Wiesner,Rachel R. Morrison,Aharon Factor,Tui McKeown,2024-10-28 The sixth Australasian edition of *Organisational Behaviour Core Concepts and Applications* stands as an exemplary resource tailored for one semester courses in *Organisational Behaviour* With a deliberate focus on succinctness relevance and visual presentation its fourteen chapters are meticulously crafted to captivate rather than inundate students Throughout the text a plethora of case studies and real world instances delve into how organisations across the Australian New Zealand and Asian regions navigate pressing contemporary business concerns These include the imperative of sustainable business practices grappling with environmental impact and climate change mitigating the gender pay gap addressing employee stress fostering resilience and work life balance adapting to the dynamics of millennials and an ageing workforce enhancing employee retention strategies and navigating the complexities of globalisation and outsourcing Additionally topics such as fostering diversity in the workplace responding to

the workforce transformations precipitated by the COVID 19 pandemic managing remote teams effectively honing crisis management skills and harnessing the potential of emerging technologies particularly the ascendancy of generative artificial intelligence AI tools are comprehensively explored This latest edition amplifies its focus on sustainability entrepreneurial and adaptive leadership and the pivotal role of technology in catalysing digital transformation within organisational contexts Complemented by the latest research in the field this text provides a thorough analysis of contemporary organisational behaviour
