Stawicki,2025-10-01 Dating back to ancient civilizations around the world medical education has become the foundation for the sustainable transmission of knowledge and skills required to heal the sick treat the injured and promote overall well being During the past two centuries medical education has seen significant growth This rapid growth corresponded to our evolving understanding of and the ability to treat various acute and chronic medical and surgical conditions Beginning in the second half of the 20th century the pace of medical progress and unprecedented aggregation of new knowledge resulted in the amalgamation of various academic medical pursuits into what we know today as academic medicine a unique blend of education leadership research and clinical excellence Academic medicine is a noble pursuit and one of the essential constructs that have enabled innovation and new discoveries making modern medical care more effective than ever before Academic medicine also serves not only to generate new knowledge but also to sustain our civilizational progress by preserving existing knowledge skills and traditions accumulated over the millennia of the collective global history of medicine The next decade promises to be a time of great transition and opportunity for academic medicine There are many areas of great opportunity but there are also areas of deep concern It is the responsibility of medical academicians across all medical and surgical specialties to ensure that the next generations of

physicians are provided with a solid foundation for professional growth and development spanning from state of the art medical education to cutting edge leadership development opportunities No matter the challenge an unwavering commitment to the principles of ethical and human centric frameworks must be maintained regardless of any other factors and considerations

Human-Centered Marketing Ashley Faus,2025-05-03 With the rise of AI excess of distribution channels and focus on tracking every touchpoint in order to drive revenue consumer trust is at an all time low To restore trust brands need to create delightful seamless and impactful journeys to connect with the humans behind the screen Human Centered Marketing introduces three frameworks to help mid senior level marketers find connect with and convert audiences The book helps you map an audience journey that behaves like a playground instead of a linear funnel evolve the approach to social media to go beyond conversations and instead facilitate and engage with the community and build thought leaders to build trust and move your audience into the future Each chapter includes practical advice to help seasoned marketers shift their strategy and offers tactical implementation recommendations All chapters include real world examples from companies like Adobe Hubspot and Edelman to demonstrate that this shift from the standard playbook actually works

Social Media for Strategic Communication Karen Freberg,2025-07-30 Social Media for Strategic Communication Creative Strategies and Research Based Applications teaches students the skills and principles needed to use social media in persuasive communication campaigns Author Karen Freberg combines cutting edge research with practical hands on instruction to prepare students for the challenges of today s workplace With an emphasis on strategic thinking and awareness the book equips students to adapt their skills to emerging platforms and technologies Its broad focus on strategic communication from PR advertising and marketing to non profit advocacy provides a comprehensive foundation for success in diverse career paths The Third Edition features a brand new chapter on social media and crisis communication discussion of AI integrated in each chapter and new case studies in addition to updated coverage of changes to platforms trends strategies and emerging challenges across social media
