Updated Short Form Content Ideas Ideas Online:

Online TV Catherine Johnson,2019-01-04 With growth in access to high speed broadband and 4G and increased ownership of smartphones tablets and internet connected television sets the internet has simultaneously begun to compete with and transform television Online TV argues that these changes create the conditions for an emergent internet era that challenges the language and concepts that we have to talk about television as a medium In a wide ranging analysis Catherine Johnson sets out a series of conceptual frameworks designed to provide a clearer language with which to analyse the changes to television in the internet era and to bring into focus the power dynamics of the online TV industry From providing definitions of online TV and the online TV industry to examining the ways in which technology rights interfaces and algorithms are used to control and constrain access to audiovisual content Online TV is a timely intervention into debates about contemporary internet and television cultures A must read for any students scholars and practitioners who want to understand and analyse the ways in which television is intertwining with and being transformed by the internet

Producing for TV and New Media Cathrine Kellison,2012-09-10 Producing for TV and New Media provides a comprehensive look at the role of the Producer in television and new media At the core of every media project there is a Producer who provides a wide array of creative technical financial and interpersonal skills Written especially for new and aspiring producers this book looks at both the Big Picture and the essential details of this demanding and exhilarating profession A series of interviews with seasoned TV producers who share their real world professional practices provides rich insight into the complex billion dollar industries of television and new media This type of practical insight is not to be found in other books on producing This new edition now covers striking developments in new media delivery systems the expansion of the global marketplace of media content

Discovering Public Relations Karen Freberg,2024-02-16 Discovering Public Relations introduces students to the field of PR in a practical applied and hands on way that prepares them for the modern workplace Author Karen Freberg highlights modern and contemporary PR practices emphasizing social media digital communication and creative innovation Understanding that creativity alone can't create success Freberg shows students how to choose and implement evidence based practices to guide their strategic campaigns The Second Edition transforms students into successful PR professionals by giving them the tools to think creatively innovate effectively and deploy research backed tactics for successful campaigns

Content Marketing For Dummies Susan Gunelius,2011-05-12 Get the whole picture and learn to create a successful online content marketing program Successful online marketing is about more than creating a Facebook page or writing a corporate blog Brands need to build lasting connections with the right customers online through an effective online content marketing strategy and this book shows you how It explores ways to create a content marketing strategy identify the content that will keep your customers coming back create that content distribute it online and measure the results with hands on step by step guidance Content marketing is an essential element of successful

online marketing and brand building this book shows you how to begin creating and distributing content online to market your business Explains why content marketing is important and how to create an online content marketing strategy which tools to use and what to avoid Shows how to create content and get it published online in long or short form Offers plenty of tips case studies and worksheets to ensure success Online content marketing positions your business and your product for lasting customer interaction Content Marketing For Dummies gives you the tools to create a program that works

Brandweek ,2008 Mediaweek ,2008 The SAGE Handbook of Web History Niels Brügger,Ian Milligan,2018-12-10

The Web has been with us now for almost 25 years An integral part of our social cultural and political lives new media is simply not that new anymore Despite the rapidly expanding archives of information at our disposal and the recent growth of interest in web history as a field of research the information available to us still far outstrips our understanding of how to interpret it The SAGE Handbook of Web History marks the first comprehensive review of this subject to date Its editors emphasise two main different forms of study the use of the web as an historical resource and the web as an object of study in its own right Bringing together all the existing knowledge of the field with an interdisciplinary focus and an international scope this is an incomparable resource for researchers and students alike Part One The Web and Historiography Part Two Theoretical and Methodological Reflections Part Three Technical and Structural Dimensions of Web History Part Four
