Artificial Intelligence Sofiqul Islam,2025-03-27 N A Digital Health Care Outside of Traditional Clinical Settings I. Glenn Cohen,Daniel B. Kramer,Julia Adler-Milstein,Carmel Shachar,2024-05-02 Examines the ethical legal and regulatory impacts of digital diagnostics and other products on health care outside of clinical settings *Essentials of Nursing Informatics, 7th Edition* Virginia K. Saba,Kathleen A. McCormick,2021-03-22 The single best resource for learning how technology can make the nursing experience as rewarding and successful as possible A Doody s Core Title for 2024 computer systems and information theory electronic medical records continuum of care information technology systems and personal health records coding and government clinical and private sector system requirements This revised and updated edition covers the latest changes in technology administration policy and their effects on healthcare informatics in the U S with contributing international authors from Canada South America Europe Asia Australia and New Zealand The seventh edition includes section summaries and each chapter includes sample test questions and answers This updated seventh edition covers Nursing Informatics Technologies Nursing Practice Applications System Standards Advanced Applications for the 4th Nursing IT Revolution System Life Cycle Educational Applications Informatics Theory Standards Research Applications Policies and Quality Measures in Healthcare Surveillance Education Nolan Higdon,Allison Butler,2024-08-02 Surveillance Education explores the pervasive use of digital surveillance technologies in schools and assesses its pernicious effects on students Recognizing that the use of digital technologies will persist the authors instead offer practical ways to ameliorate their impact In our era of surveillance capitalism digital media technologies are ever more intertwined into the educational process Schools are presented with digital technologies as tools of convenience for gathering and grading student work as tools of support to foster a more equitable learning environment and as tools of safety for predicting or preventing violence or monitoring mental emotional and physical health Despite a dearth of evidence to confirm their effectiveness digital data collection and tracking is often presented as a way to improve educational outcomes and safety This book challenges these fallacious assumptions and argues that the use of digital media technologies has caused great harm to students by subjecting them to oppressive levels of surveillance impinging upon their right to privacy and harvesting their personal data on behalf of Big Tech In doing so the authors draw upon interviews from K 12 and higher education students teachers and staff civil rights and technology lawyers and educational technological programmers The authors also provide practical guidance for teachers administrators students and their families seeking to identify and combat surveillance in education This urgent eye opening book will be of interest to students and educators with interests in critical media literacy and pedagogy and the sociology of technology and education Power Up Product Management Allison J.
